RALPH T. MEACHAM CPA MAHONING COUNTY AUDITOR

120 Market Street • Youngstown, Ohio 44503 — Phone 330-740-2010 • Fax 330-480-7571 — www.mahoningcountyauditor.org

June 30, 2015

To the Citizens of Mahoning County

Mahoning County Commissioners
Honorable Anthony Traficanti, President
Honorable David D. Ditzler
Honorable Carol Rimedio-Righetti

Mahoning County Treasurer
Honorable Daniel R. Yemma:

I am pleased to present the Mahoning County Comprehensive Annual Financial Report (CAFR) for the year ended December 31, 2014. This report enables the County to comply with Ohio Administrative Code Section 117-2-03(B), which requires reporting on a GAAP (Generally Accepted Accounting Principles) basis, and Ohio Revised Code Section 117.38 which requires the counties reporting on a GAAP basis to file an annual report with the Auditor of State within 150 days of fiscal year end. This report contains the financial statements and other financial and statistical data which ensure complete and full disclosure of all material financial aspects for Mahoning County for 2014. The County Auditor's Office, and in particular, the Accounting Department, is responsible for the completeness, accuracy and fairness of this report.

Management assumes full responsibility for the completeness and reliability of the information contained in this report, based upon a comprehensive frame-work of internal control that it has established for this purpose. Because the cost of internal control should not exceed anticipated benefits, the objective is to provide reasonable, rather than absolute, assurance that the financial statements are free of any material misstatements.

Ohio law requires independent audits to be performed on all financial operations of the County either by the Auditor of State or an independent public accounting firm, if permitted by the Auditor of State. The accounting firm of Rea & Associates, Inc. rendered an opinion on the County's financial statements as of December 31, 2014, and the Independent Auditor's Report on the basic financial statements is included in the financial section of this report.

Management's discussion and analysis (MD&A) immediately follows the independent auditor's report and provides a narrative introduction, overview, and analysis of the basic financial statements. MD&A complements this letter of transmittal and should be read in conjunction with it.

Profile of Government

Mahoning County was established on March 1, 1846. It is 417 square miles and is located in the northeast part of the State of Ohio. It is comprised of four cities, six villages and fourteen townships, with the City of Youngstown being the largest. Mahoning County's population is 233,823 making it the 10th most populous of Ohio's 88 counties.

The County has only those powers conferred upon it by Ohio statutes. A three-member Board of County Commissioners, elected at large in even-numbered years for four-year overlapping terms, is the primary legislative and executive body of the County. The County Auditor serves as the chief financial officer and property tax assessor for the County. The County Treasurer collects property taxes and is the custodian of all funds.

Other elected officials, serving four-year terms each, include the Prosecutor, Sheriff, Engineer, Clerk of Courts, Recorder and Coroner. The Probate Judge, Domestic Relations Judge, Juvenile Judge, Common Pleas Judges and County (area) Judges are also elected on a countywide basis. The County provides its citizens with a wide range of services that include human and social services, health and community assistance related services, civil and criminal justice system services, road and bridge maintenance, and other general and administrative support services. The County also operates two enterprise funds that include a water system and wastewater system.

For financial reporting purposes, the County complies with the provisions of GASB Statement No. 14 in defining the financial reporting entity. The financial reporting entity consists of the County as the primary government, which also includes all of the elected officials, organizations, activities and functions which are not legally separate from the County and whose corporate powers the County holds. Also included in the reporting entity are any component units or legally separate organizations for which the County is financially accountable. A complete discussion of the County's reporting entity is provided in Note 1 to the basic financial statements.

The County is required to adopt an annual budget by April 1. This annual budget serves as the foundation for the Mahoning County's financial planning and control. The legal level of control has been established by the Commissioners at the department level for the general fund and at the fund level for all other funds, and, within each the amount appropriated for personal services. All funds are also budgeted between personnel expenditures and operating expenditures. Department heads may transfer resources between departments and within personnel or operating expenditures as they see fit. Transfers between funds, departments, or between personnel and operating costs, however, need special approval from the Commissioners.

Economic Conditions and Employment

Some of the largest private sector employers in the County include: Humility of Mary Health Services which is comprised of St. Elizabeth Health Center in Youngstown, St. Elizabeth Boardman Health Center, Assumption Village, Humility House, and Hospice of the Valley, Youngstown State University, Mahoning County, and Diocese of Youngstown. Six out of the ten largest employers are government agencies.

The unemployment rate at the end of 2014 for the Youngstown-Warren Metropolitan Statistical Area (MSA) was 6.5 percent compared to the State and national averages, which were 7.4 percent each. The Ohio Bureau of Employment Services Labor Market Information Division report for the 2012-2022 time periods reflects that most of the job growth will be in healthcare and social assistance occupations, and administrative and waste service occupations. Manufacturing is projected to shrink, along with information and utilities within the service-providing industry. Individual and family service and home health care service jobs are expected to grow at the fastest rate.

Ohio's Collective Bargaining Law provides that public employees of the State and many local subdivisions (including the County) have the right to organize, bargain collectively and have union representation.

The Collective Bargaining Law also designates those actions, which constitute unfair labor practices, and prescribes procedures for their remedy. It also sets forth dispute resolution procedures for contract negotiation, including arbitration or other mutually agreeable methods. If an impasse persists after conciliation procedures, then public safety employees must take the dispute to binding arbitration and do not have the right to strike. All other employees may or may not have the right to strike after 10 days written notice, pursuant to the contract. Altogether, there are 27 bargaining units in the County representing 1,732 employees. The County's employee relations are established largely by association with the following labor

organizations: AFSCME, Ohio Council 8, AFL-CIO; Communication Workers of America; Fraternal Order of Police; Mahoning County Sanitary Engineer Employee's Union; Mahoning County Trainable Mentally Retarded Education Association; and Teamsters Local 377. Labor relations are considered excellent.

Long-Term Financial Planning

On December 11, 2014, the Mahoning County Commissioners adopted a resolution approving the user charges for the Mahoning County Metropolitan Sewer District. These user fees are an integral part of the long-term planning for the County with regard to the maintenance and replacement of the wastewater systems. Because Mahoning County receives federal grants and has secured financing through the issuance of bonds, there are various federal regulation codes and bond indenture agreements that obligate the County to set aside funding for the overall maintenance and replacement of all these systems. The User Charge System approved by the Commissioners is designed to not only cover the immediate costs of operating the wastewater systems, but to also provide adequate revenues for the maintenance and replacement of these systems in the future.

Relevant Financial Policies

The County Commissioners passed a resolution authorizing the special recording of casino revenue to create a General Fund Stabilization policy to ensure the County's bond ratings and long-term fiscal stability. The Commissioners resolved that 60 percent of all casino revenue received by the County will be reserved and used solely for the purpose of establishing a General Fund Reserve. The revenue will be reserved on an annual basis with a maximum of \$1 million being set aside in any one year. The remaining 40 percent of the casino revenue and any amounts greater than \$1 million annually will be available for appropriation during the fiscal year. Once the County's reserve reaches the 15 percent of general fund expenditure threshold, all revenues may be appropriated for current year operations. The reserve monies can only be used in a fiscal emergency or to repay prior debt issuances and the action must be approved by a unanimous vote of the current County Commissioners. The Casino reserve was \$1,829,983 as of December 31, 2014.

The County Treasurer and the Investment Advisory Committee adopted an investment policy on August 2, 2001. The purpose of this policy is to establish priorities and guidelines regarding the investment management of the County's operating funds. These priorities and guidelines are based upon Chapter 135.35 ORC and prudent money management. The policy also follows Sections 135.35 ORC in establishing what qualifies as an eligible investment. Safety of principal is the most important objective of the County's investment policy. The policy also focuses on issues regarding liquidity and yield.

Significant Events For 2014

- The County has levied a 1 percent sales tax which is collected by the State of Ohio and remitted to the County on a monthly basis. The Board of County Commissioners enacted this tax with two separate ½ percent taxes under the authority of the Ohio Revised Code. In 2007, the Commissioners passed a resolution placing a continuous ½ percent sales tax on the May ballot. The voters passed this continuous sales tax with a 67 percent vote. In 2010, the Commissioners passed a resolution to place a ½ percent sales tax on the May ballot, the sales tax passed with a 68 percent vote. The Commissioners placed a renewal of this ½ percent tax on the November 2014 ballot as a 5 year tax, along with a ¼ percent sales tax commencing on April 1st, 2015 for the purpose of criminal justice. The sales tax passed by a 51 percent vote. Each ½ percent of sales tax generates approximately \$15.5 million of revenue, totaling \$31 million on an annual basis. With the passage of the ¼ percent the County will generate approximately \$38.8 million in revenue.
- The County purchased the Oakhill Renaissance building in 2007 and continued to make improvements on the building through 2014. This building is used to house the Mahoning County Department of Jobs and Family Services as well as other departments such as the Coroner, Board of Elections, Recycling, and other administrative offices. The total cost of the project is estimated at approximately \$15.0 million, cost to date is \$13,201,826. An improvement bond in the amount of

\$5.0 million was issued on December 28, 2007. The County also issued a Recovery Zone Economic Development Bond in the amount of \$2.9 million to replace the chiller systems in the facility. Mahoning County received a reimbursable grant with American Recovery and Reinvestment Act monies in the amount of \$2.6 million to replace the heating systems in the Oakhill facility. In 2012, the County issued sales tax bonds in the amount of \$2.4 million to continue renovations of the building. In 2013, the Commissioners decided to discontinue any major improvements to this project. \$1.5 million of bond proceeds was transferred back to the debt service fund to pay down a portion of the 2012 borrowings. In 2014, the county issued a bond in the amount of \$755,000 for the purpose of a new generator and building improvements.

- The Mahoning County Children Services Board placed a 1.85 mill replacement levy on the November 2014 ballot. The voters passed the levy with a 63 percent vote.
- The Commissioners purchased land in July 2014 for a new Mahoning County Dog Kennel. The County issued a \$1 million bond in 2014 to purchase the land, site preparation and architectural services. The cost of this project is expected to be \$3 million.

Major Initiatives

- The Mahoning County Data Processing/IT Departments worked most of 2014 on IT infrastructure improvements, which included the rollout of over 300 new PCs to county staff, due to the sunset of Windows XP™ operating system by Microsoft. New VoIP phone systems were installed at the major Common Pleas Courthouse and Juvenile Justice Court location. The JJC location had an expansion of technology with WAN fiber connections to the core County network, and new storage servers and security cameras to enhance and support their ongoing operations. Overall County costs for IT infrastructure improvements totaled over \$600,000. The County also invested over \$1 million on ongoing software support and maintenance for our most critical software packages, which included:
 - Auditor's Tax Assessment software and ERP Systems
 - Court Case Management Systems
 - JFS Document and Case Management
 - Jail Booking and Inmate Management

Projects in progress include the Auditor's initiative for transparency in government and the realization of Mahoning County as the first county to host payables data online for search through OHIOCHECKBOOK.com. Other projects include the courts \$600,000 e-filing initiative, which will go live in the fall of 2015, and a complete expansion of HR and benefits self service portals. The County will complete the upgrade to consolidate the County internet and intranet website by end of 2015 in a \$50,000 project that will provide taxpayers with a simplified modern online experience, and access to the most commonly used applications and data, and many new features.

- The Mahoning County Engineers office initiated and completed the 2014 Road & Bridge Safety Phase I project. This is an annual resurfacing program, which now includes bridge safety. The 2014 Road & Bridge Safety Phase I resulted from a \$780,805 grant with the Ohio Public Works Commission. The total for Phase I and Phase II is \$1,004,470.
- The Engineering Department also has the following projects planned for 2014 and 2015:
 - The Engineering Department began construction on the Western Reserve Rd Project. This includes widening of Western Reserve Road from Hitchcock Road to SR7. The total cost of this project is estimate to be \$1,820,000 with 80 percent being funded by ODOT and 20 percent local.
 - Construction began in 2014 for the Bridge Painting project. The project consists of painting 7 structures and minor structural steel repair of structures on various routes in Mahoning

County. The total cost of this project is estimated to be \$1,833,000 with 80 percent being funded by ODOT and 20 percent local.

- The Sanitary Engineering Department completed the New Middletown Wastewater Treatment Plant Grit System Improvement in February 2015. This improvement provided for the installation of a grit removal system at the New Middletown WWTP. The project included the installation of a Vortex type grit removal system, grit pumps, classifier and new building. The grit removal improvement was Phase 1 of a multi-phase project and will provide the ability to pump all flow currently treated at the plant to be transported by force main eventually to the Boardman WWTP. Total improvement cost was \$990,000.
- The Sanitary Engineering Department also has the following projects planned for 2015 and beyond:
 - Beginning in the fall of 2015, the Five Points Pump Station Sanitary Sewer and Force Main Improvement project will begin. This project will serve as a significant step in the department's future operations by eliminating the New Middletown Treatment plant, redirecting sewage flows, modifying service areas and culminating in major improvements to the Boardman wastewater treatment plant. This project represents a progressive and regional approach to long term wastewater services in the Metro Sewer District of Mahoning County. At the conclusion of this project, the New Middletown Treatment Plant will cease operation, eliminating the national pollutant discharge elimination system permit and be replaced with a pumping station to convey the flows by force main to a second pumping station located in the Five Points area of Poland/Boardman Townships. The design of the new pump station will facilitate the elimination/abandonment of the four separate pumping stations: Forest, Ivy Hills, Hampton Ridge, and Preserve at Yellow Creek. The project includes the design of a new gravity sewer from the Chesteron area to the new pump station. Total cost of the project is estimated at \$8,500,000. Construction would be completed approximately 18 to 24 months after beginning.
 - Improvements will be made to the Boardman Waste Water Treatment Plant to accept the flow from the New Middletown Waste Water Treatment Plant and to accept flows from the Five Points Area located in parts of Boardman, Poland and Springfield Township. Estimated costs for this project are approximately \$2,700,000 and the construction is to be completed by late 2016 or early 2017.
 - In the planning stages, the Sanitary District hopes that the Southwest Lake Milton Sanitary Sewer and Waterline Project will begin in 2016. It will provide sanitary sewer and water service to the southwestern part of Milton Township on the west side of Lake Milton to include the areas of Canyon Park, Scott Cliff, and Lake Milton Estates and will connect to the existing water distribution system through the installation of a waterline in County Line Road from Ellsworth Road to Lillian Street. The project is estimated to cost \$7,200,000. Funding for this project is being pursued through USDA Rural Development, ODNR, and other combinations of federal and state agencies.
 - Poland Woods Interceptor Replacement Improvement project is located in Boardman Township and Poland Village. The project provides for the replacement of a portion of sanitary sewer located on the west side of I-680 approximately 2,500 feet south of US 224 and extends east approximately 1,900 feet through the Poland Woods Park. The replacement project includes approximately 1500 feet of 24" gravity sewer line, seven manholes and 400 feet of sanitary sewer encased in 36-inch steel casing beneath I-680. Total improvement cost estimate at \$719,400. Construction is estimated to begin in June 2015.

Awards and Acknowledgements

The Government Finance Officers Association (GFOA) of the United States and Canada awarded a Certificate of Achievement for Excellence in Financial Reporting to Mahoning County for its Comprehensive Annual Financial Report (CAFR) for the year ended December 31, 2013. In order to be awarded a Certificate of Achievement, the government had to publish an easily readable and efficiently organized Comprehensive Annual Financial Report (CAFR) that satisfied both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current CAFR continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

I would like to thank the entire staff of the County Auditor's office for their efficient and cooperative work throughout this project. I also thank the Local Government Services section of the Auditor of State of Ohio for their assistance in the preparation of the report and the hard work of Rea & Associates in completing our annual audit and review of these financial statements. I am honored to have worked with such dedicated and professional people.

I express my appreciation to each Mahoning County elected official and agency that provided information and assistance in the preparation of this report.

Very truly yours,

Ralph T. Meacham, CPA

Independent Auditor's Report

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Mahoning County, Ohio, (the County) as of and for the year ended December 31, 2014, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of MASCO, Inc., which represent 30 percent, 31 percent, and 32 percent, respectively, of the assets, net position, and revenues of the aggregate discretely presented component units. Those statements were audited by other auditors, whose report has been furnished to us, and our opinion, insofar as it relates to the amounts included for MASCO, Inc., is based solely on the report of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement. The financial statements of MASCO, Inc. were not audited in accordance with *Government Auditing Standards*.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

Basis for Qualified Opinion on the Aggregate Discretely Presented Component Units

The financial statements of the Mahoning County Land Reutilization Corporation (MCLRC) have not been audited, and we were not engaged to audit the MCLRC financial statements as part of our audit of the County's basic financial statements. MCLRC's financial activities are included in the County's basic financial statements as a discretely presented component unit and represent 70 percent, 69 percent, and 68 percent of the assets, net position, and revenues, respectively, of the County's aggregate discretely presented component units.

Qualified Opinion

In our opinion, except for the possible effects of the matter described in the "Basis for Qualified Opinion on the Aggregate Discretely Presented Component Units" paragraph, the financial statements referred to above present fairly, in all material respects, the financial position of the aggregate discretely presented component units of the County, as of December 31, 2014, and the changes in financial position thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Unmodified Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Mahoning County, Ohio, as of December 31, 2014, and the respective changes in financial position and, where applicable, cash flows thereof and the respective budgetary comparisons for the General, Department of Human Services, Children Services Board, and Developmental Disabilities Board funds for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the *Management's Discussion and Analysis* on pages 5–14 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County's basic financial statements. The accompanying introductory section, combining and individual nonmajor fund financial statements and schedules, and statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual nonmajor fund financial statements and schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements and schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated June 30, 2015 on our consideration of the County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering County's internal control over financial reporting and compliance.

For the Year Ended December 31, 2014
Unaudited

The discussion and analysis of Mahoning County's financial performance provide an overall review of the County's financial activities for the year ended December 31, 2014. The intent of this discussion and analysis is to look at the County's financial performance as a whole; readers should also review the transmittal letter, the basic financial statements and the notes to the basic financial statements to enhance their understanding of the County's financial performance.

Financial Highlights

Key financial highlights for 2014 are as follows:

- In November of 2014, the voters passed by 51 percent of the vote, the renewal of the May 2010 ½ percent sales tax levy, along with a ¼ percent sales tax commencing on April 1st, 2015. Both sales tax levies are for the purpose of providing criminal and administrative justice services of the Sheriff, Coroner, Prosecutor, and 9-1-1 for a five year period of time.
- In November of 2014, the voters passed by 63 percent of the vote, a 1.85 mills replacement levy for Mahoning County Children Services. This levy is a replacement of two existing levies for the benefit of Mahoning County for the purpose of the support of children services and care and placement of children.
- The Crum Road safety upgrade project was completed during 2014. The project included reconstruction of an industrial zoned roadway in Austintown that will help companies located in that area. Ohio Department of Development contributed \$500,000 toward this project with the total cost of \$1,235,700.
- The Campbell Industrial Park Sanitary Sewer Improvement project began in 2014 with construction completed January 2015. The improvement provides approximately 5,000 ft. of 10 inch sanitary sewer lines, a sanitary sewer pump station and force main and other related appurtenances. The project is located along the Mahoning River corridor on the former Youngstown Sheet and Tube site in the City of Campbell. The total cost of the improvement was \$1,006,219.
- The Engineering Department completed construction on the Yellow Creek Enhancement Project. This included bridge rehabilitation for downtown Struthers, sidewalk replacement and installation of lamp post lighting. The total cost of the improvement was \$433,900.
- The New Middletown Wastewater Treatment Plant (WWTP) Grit System improvement project began in 2014 with construction completed in February 2015. This included the installation of a Vortex type grit removal system, grit pumps, clarifiers and a new building. The improvements will provide the ability to pump all flow currently treated at the plant to be transported by force main to the Boardman WWTP. The total cost of this improvement was \$990,000.

Using this Comprehensive Annual Financial Report (CAFR)

This annual report consists of a series of financial statements and notes to those statements. These statements are organized so the reader can understand Mahoning County as a financial whole or as an entire operating entity. The statements then proceed to provide an increasingly detailed look at specific financial conditions.

The Statement of Net Position and Statement of Activities provide information about the activities of the whole County, presenting both an aggregate view of the County's finances and a longer-term view of those assets and deferred outflows of resources and liabilities and deferred inflows of resources. Major fund financial statements provide the next level of detail. For governmental funds, these statements tell how services were financed in the

Mahoning County, Ohio
Management's Discussion and Analysis
For the Year Ended December 31, 2014
Unaudited

short-term as well as what dollars remain for future spending. The fund financial statements also look at the County's most significant funds with all other non-major funds presented in total in one column.

Reporting the County as a Whole

Government-wide financial statements: Statement of Net Position and the Statement of Activities

While this document contains information about the funds used by the County to provide services to our citizens, the view of the County as a whole looks at all financial transactions and asks the question, "How did we do financially during 2014?" The Statement of Net Position and the Statement of Activities answers this question. These statements include all assets and deferred outflows of resources and liabilities and deferred inflows of resources using the accrual basis of accounting similar to the accounting used by the private sector companies. This basis of accounting takes into account all of the current year's revenues and expenses regardless of when the cash is received or paid.

These two statements report the County's net position and the change in that position. This change in net position is important because it tells the reader whether, for the County as a whole, the financial position of the County has improved or diminished. However, in evaluating the overall position of the County, nonfinancial information such as changes in the County's tax base and the condition of County capital assets will also need to be evaluated.

In the Statement of Net Position and the Statement of Activities, the County is divided into two kinds of activities:

- ◆ Governmental Activities – Most of the County's services are reported here including public safety, judicial, health and human service programs, administration, and all departments with the exception of our Water and Sewer enterprise funds.
- ◆ Business-Type Activities – These services have a charge based upon the amount of usage. The County charges fees to recoup the cost of the entire operation of our Water and Sewer Plants.

Reporting the County's Most Significant Funds

Fund Financial Statements A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objective. The County, like other State and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the County can be divided into three categories: governmental funds, proprietary funds and fiduciary funds.

Fund financial reports provide detailed information about the County's major funds. The County uses many funds to account for a multitude of financial transactions. However, these fund financial statements focus on the County's most significant funds. The County's major governmental funds are the general fund, the department of human services, the children services board and the developmental disabilities board special revenue funds, the debt service fund and the buildings and equipment capital projects fund.

Mahoning County, Ohio
Management's Discussion and Analysis
For the Year Ended December 31, 2014
Unaudited

Governmental Funds Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of expendable resources, as well as on balances of expendable resources available at the end of the year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of the governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The County maintains a multitude of individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental statement of revenues, expenditures, and changes in fund balances for the major funds, which were identified earlier. Data from the other governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of combining statements elsewhere in this report.

Proprietary Funds The County maintains two different types of proprietary funds. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The County uses two enterprise funds to account for water and sewer operations.

Internal Service funds are an accounting device used to accumulate and allocate costs internally among the County's various functions. The County's internal service funds report on County departments' vehicle maintenance, workers' compensation, self insurance programs for employee medical benefits and the telephone/data communications board.

Fiduciary Funds Fiduciary funds are used to account for resources held for the benefit of parties outside the County. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the County's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds. The County's fiduciary funds are agency funds.

Notes to the Financial Statements The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Other Information In addition to the basic financial statements and accompanying notes, this report also presents combining and individual fund statements and schedules.

Governmental activities current and other assets increased over the prior year. This is attributable to an increase in permissive sales tax, property tax and intergovernmental receivables due to greater collections during the current year. Capital assets increased due to current year additions being greater than depreciation. The increase in long-term liabilities can be attributed to the issuance of general obligation bonds.

Net position of business-type activities increased over the prior year. Current and other assets decreased due to an decrease in intergovernmental receivable and cash held in escrow accounts for debt payments. The increase in capital assets is attributable to current year additions being greater than depreciation.

Mahoning County, Ohio
Management's Discussion and Analysis

As one can see from the increase in overall net position, the County was able to provide the services that the County residents expect while maintaining the costs of providing those services. In order to further understand what makes up the changes in net position for the current year, the following table gives readers further details regarding the results of activities for 2014 and 2013.

(Table 2)

Capital grants and contributions program revenues increased in part due to the County increasing the number of capital projects under construction in the County. Funding for these projects was primarily received from ODOT and OPWC. General government, public safety, public works, health and human services program expenses increased as a result of continued project related expenses.

Mahoning County, Ohio
Management's Discussion and Analysis
For the Year Ended December 31, 2014
Unaudited

The County realized an increase in sales tax revenues. The increase can be attributed to the upward trend of the economy. Property taxes increased due to an improvement in overall collections.

Overall, expenses increased due to increases in wages and overall expenditures, and an increase in continued project related expenses. The County actively pursues grants and controls expenses while still maintaining the high standards the residents expect of the County. Management continues to diligently plan expenses, staying carefully within the County's revenues.

Financial Analysis of the Government's Funds

As noted earlier, the County uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds The focus of the County's governmental funds is to provide information on near-term inflows, outflows and balances of expendable resources. Such information is useful in assessing the County's financing requirements. In particular, unassigned fund balance may serve as a useful measure of the County's net resources available for spending at the end of the year.

Mahoning County, Ohio
Management's Discussion and Analysis
For the Year Ended December 31, 2014
Unaudited

As of the end of the current year, the County's governmental funds reported combined ending fund balances of \$80,429,642. \$4,517,839 of this total amount constitutes unassigned fund balance, which is available for appropriation at the government's discretion within certain legal constraints and purpose restrictions. The remainder of the fund balance is nonspendable, restricted, committed or assigned to indicate that it is not available for new spending.

The general fund had a decrease in fund balance due to expenses and other financing uses exceeding revenues. Other financing uses included transfers-out of over \$1 million.

The department of human services fund balance decreased due to expenses and other financing uses, including over \$1 million in transfers-out, exceeding revenues.

The children services board fund balance decreased due to expenses exceeding revenues.

The developmental disabilities board fund balance increased due to revenues outpacing expenses and cost cutting measures being implemented. The County utilizes the North East Ohio Network to administer, manage and operate programs for certain individuals with developmental disabilities.

The debt service fund balance increased due to revenues outpacing expenses, caused by the timing of debt service payments in relation to the collection of resources to fund them.

The buildings and equipment fund balance increased due to the County issuing general obligation bonds.

Proprietary Funds Proprietary fund reporting focuses on the determination of operating income, changes in net position, financial position and cash flows. The sewer fund increased due to user charges and capital contributions being sufficient to offset expenses. The water fund increased due to user charges, capital contributions and transfers in being sufficient to offset expenses.

General Fund Budgeting Highlights

Budgeting is prescribed by the Ohio Revised Code. Essentially the budget is the County's appropriations which are restricted by the amounts of anticipated revenues certified by the Budget Commission in accordance with the Revised Code. During the course of 2014, the County amended its general fund budget numerous times to allow for insignificant amendments. Actual revenues received were greater than certification primarily due to receiving more sales tax revenues, intergovernmental revenues, and conveyance fees than anticipated. Actual expenditures were less than appropriations due mainly to the diligence of management to keep costs low while still providing the services the County residents expect.

Capital Assets and Debt Administration

Capital Assets

The County continued the annual replacement of sheriff's cars. The County purchased the Oakhill Renaissance building in 2007 and continued to make improvements on the building throughout 2014. These increases were offset by an additional year of depreciation being taken.

Mahoning County, Ohio

During 2014, the County's long-term obligations outstanding increased primarily due to the issuance of general obligation bonds.

The County's rating on all of its outstanding general obligation bonds is Standard and Poor's' A+. The County's overall legal debt margin increased to \$68,583,629. This is the additional amount of debt the County could issue.

Mahoning County, Ohio
Management's Discussion and Analysis

2014	2013
\$98,635,079	\$97,526,745
68,583,629	67,570,095

The County continues to monitor its outstanding debt. Information relative to debt is identified in Notes 19 and 20 to the basic financial statements.

Current Issues

Mahoning County has continued to maintain the highest standards of services to our communities while diligently planning expenses, to stay within the County's revenues. As with all counties in the State of Ohio, State funding issues are constantly monitored to determine the impact on the County. As the preceding information shows, the County is heavily reliant on sales tax and local property taxpayers. Additional revenues must not be treated as a windfall to expand programs but as an opportunity to extend the time horizon of the life of the levies. All of the County's financial abilities will be needed to meet the challenges of the future.

In conclusion, Mahoning County is in a period posing both significant challenges and opportunities. Management is committed to working with all stakeholders to craft solutions that will most effectively use the available resources to continue to provide excellent services to the residents of the County.

<u>\$15,009,619</u>	<u>\$39,953,402</u>	<u>\$149,707,997</u>

Total Governmental Fund Balances \$80,429,642

***Amounts reported for governmental activities in the
statement of net position are different because***

Capital assets used in governmental activities are not financial resources and therefore are not reported in the funds. 146,685,006

Other long-term assets are not available to pay for current-period expenditures and therefore are reported as unavailable revenue in the funds.

Intergovernmental	\$10,343,926
Special Assessments	455,367
Permissive Sales Tax	3,465,227
Delinquent Property Taxes	<u>5,890,441</u>

Total 20,154,961

Internal service funds are used by management to charge the costs of insurance and materials and supplies to individual funds. The assets and liabilities of the internal service funds are included as part of governmental activities in the statement of net position.

Net Position (Deficit)	(1,184,932)
Accrued Interest	14,613
General Obligation Bonds	3,701,399
Claims Payable	1,366,374
Internal Balances	<u>(85,739)</u>

Total 3,811,715

In the statement of activities, interest is accrued on outstanding bonds and notes, whereas in governmental funds, an interest expenditure is reported when due. (151,570)

Long-term liabilities are not due and payable in the current period and therefore are not reported in the funds.

General Obligation Bonds	(45,340,818)
OPWC Loan Payable	(377,890)
Long Term Note Payable	(142,480)
Claims Payable	(1,366,374)
Capital Lease Payable	(175,830)
Compensated Absences	<u>(9,115,712)</u>

Total (56,519,104)

Net Position of Governmental Activities \$194,410,650

*Reconciliation of the Statement of Revenues, Expenditures and Changes
in Fund Balances of Governmental Funds to the Statement of Activities
For the Year Ended December 31, 2014*

Other Governmental Funds	Total Governmental Funds		
		Net Change in Fund Balances - Total Governmental Funds	\$3,647,372
		<i>Amounts reported for governmental activities in the statement of activities are different because</i>	
\$3,496,029	\$29,496,715	Governmental funds report capital outlays as expenditures. However, in the statement of	
0	33,971,827	activities, the cost of those assets is allocated over their estimated useful lives as	
31,221,409	73,380,200	depreciation expense. This is the amount by which capital outlays exceeded depreciation	
0	1,782,152	in the current period.	
29,875	436,809	Current Year Additions	\$11,879,483
8,545,899	14,740,318	Current Year Depreciation	(10,810,876)
1,094,313	2,813,224	Total	1,068,607
194	2,441,270	Governmental funds only report the disposal of capital assets to the extent proceeds	
1,291,119	4,950,697	are received from the sale. In the statement of activities, a gain or loss is reported	
1,900	2,000	for each disposal.	(985,673)
284,798	299,096	Revenues in the statement of activities that do not provide current financial resources are	
1,816,207	4,447,587	not reported as revenue in the funds.	
47,781,743	168,761,895	Intergovernmental	(441,676)
		Special Assessments	1,037
		Permissive Sales Tax	165,182
		Delinquent Property Taxes	(169,748)
		Other	(188,342)
		Total	(633,547)
9,698,698	25,600,909	Repayment of long-term obligations is an expenditure in the governmental funds, but the	
3,251,559	21,116,351	repayment reduces long-term liabilities in the statement of net position.	3,899,711
2,348,651	23,457,577	Some expenses reported in the statement of activities, do not require the use of current	
10,078,380	10,078,380	financial resources and therefore are not reported as expenditures in governmental funds.	
11,845,891	36,637,137	Accrued Interest on Bonds	8,933
5,402,112	37,552,748	Amortization of Bond Premium	28,765
4,960,857	10,209,144	Total	37,698
677,734	3,899,711	Some expenses like compensated absences are reported in the statement of activities	
192,327	1,755,245	do not require the use of current financial resources and therefore	
0	161,342	are not reported as an expenditure in governmental funds.	(342,109)
48,456,209	170,468,544	Other financing sources in the governmental funds increase	
(674,466)	(1,706,649)	long-term liabilities in the statement of net position are not	
		reported as revenues in the statement of activities.	
0	5,020,000	Bonds Issued	(5,020,000)
0	122,021	Bond Premium	(122,021)
2,453,184	6,276,483	Total	(5,142,021)
(2,059,524)	(6,064,483)	The internal service funds used by management are not reported in the County-internal	
393,660	5,354,021	service fund revenue are eliminated. The net revenue (expense) of the internal service	
(280,806)	3,647,372	funds is allocated among the governmental activities.	
		Change in Net Position	(3,798,753)
		Internal Balances	211,284
		Total	(3,587,469)
26,029,076	76,782,270	<i>Change in Net Position of Governmental Activities</i>	<i>(\$2,037,431)</i>
\$25,748,270	\$80,429,642

Mahoning County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2014

Note 1 - Reporting Entity

Mahoning County, Ohio (The County) was created in 1846. The County operates as a political subdivision of the State of Ohio exercising only those powers conferred by the Ohio Legislature. The County voters elect a total of eleven legislative and administrative County Officials. The three member Board of Commissioners is the legislative and executive body of the County. The County Auditor is the chief fiscal officer and tax assessor while the County Treasurer serves as the custodian of all County funds and as tax collector. In addition, there are six other elected administrative officials provided for by Ohio law, which include: the Clerk of Courts, Recorder, Coroner, Engineer, Prosecuting Attorney and Sheriff. The judicial branch of the County includes five Common Pleas Court Judges, four County (area) Judges, one Domestic Relations Judge, one Juvenile Court Judge and one Probation Judge. Although these elected officials manage the internal operations of their respective departments, the County Commissioners authorize expenditures as well as serve as the budget and taxing authority, contracting body, and the chief administrators of public services for the County, including each of these departments.

A reporting entity is comprised of the primary government, component units and other organizations that are included to ensure that the financial statements are not misleading. The primary government of the County consists of all funds, departments, boards and agencies that are not legally separate from the County. For Mahoning County, this includes the Department of Human Services, the Children Services Board, the Mahoning County Board of Developmental Disabilities (MCBDD), the Alcohol and Drug Addiction Board, the Board of Mental Health, the Board of Health and all departments and activities that are directly operated by the elected County officials.

Component units are legally separate organizations for which the County is financially accountable. The County is financially accountable for an organization if the County appoints a voting majority of the organization's governing board and (1) the County is able to significantly influence the programs or services performed or provided by the organization; or (2) the County is legally entitled to or can otherwise access the organization's resources; the County is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to, the organization; or the County is obligated for the debt of the organization. Component units may also include organizations which are fiscally dependent on the County in that the County approves the budget, the issuance of debt or the levying of taxes and there is a potential for the organization to provide specific financial benefits to, or impose specific financial burdens on, the primary government.

Discretely Presented Component Units - The component unit columns in the financial statements identifies the financial data of the County's component units, Mahoning Adult Services Company, Inc. and Mahoning County Land Reutilization Corporation. They are reported separately to emphasize that they are legally separate from the County.

Mahoning Adult Services Company, Inc. - Mahoning Adult Services Company, Inc. (MASCO) is a legally separate, non-profit organization, which provides sheltered employment for mentally handicapped persons. MASCO enters into work service contracts with private businesses that provide the employees of MASCO an opportunity to maximize their potential for independence. The County, through the Board of Developmental Disabilities, provides MASCO with personnel for its operations. This includes salaries and benefits. The relationship between the MCBDD and MASCO results in a significant related party transaction since services and resources are provided by the County to MASCO and MASCO's sole purpose is to provide vocational training opportunities for adults with developmental disabilities. Because the relationship is so significant, it would be misleading to exclude MASCO from presentation in the County's financial statements. Mahoning Adult Services Company, Inc. is reflected as a component unit of Mahoning County. The component unit operates on a fiscal year ending June 30. Separately issued financial statements can be obtained from MASCO at 160 Marwood Circle, Boardman, Ohio 44512.

Mahoning County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2014

Mahoning County Land Reutilization Corporation. - Mahoning County Land Reutilization Corporation is a legally separate, non-profit organization, which provides community improvements through strategically acquiring tax foreclosed property and other foreclosed property from Common Pleas Court proceedings, Sheriff's Sale, Bank Real Estate Owned, County Auditor, third parties and through donations. The Corporation then strives to put the properties back to productive use. Because the relationship is so significant, it would be misleading to exclude the Mahoning County Land Reutilization Corporation from presentation in the County's financial statements. Mahoning County Land Reutilization Corporation is reflected as a component unit of Mahoning County. The component unit operates on a year ending December 31. Separately issued financial statements can be obtained from Mahoning County Land Reutilization Corporation, 20 West Federal Street, Suite M-5, Youngstown, Ohio 44503.

The County participates in one shared risk pool and five jointly governed organizations. These organizations are the County Risk Sharing Authority, Inc., the Western Reserve Port Authority, the Mahoning and Columbiana Training Association, Inc., the Mahoning County Family and Children First Council, the EASTGATE Regional Council of Governments and the North East Ohio Network. These organizations are presented in Notes 13 and 23 to the basic financial statements.

As the custodian of public funds, the County Treasurer invests all public monies held on deposit in the County Treasury. In the case of the separate agencies, boards and commissions, the County serves as fiscal agent, but the organization is not considered a part of Mahoning County. Accordingly the activity of the following entities is presented as agency funds within Mahoning County's financial statements:

Mahoning County Board of Health
Mahoning County Soil and Water Conservation

Information in the notes to the basic financial statements is applicable to the primary government. Information for the component units are presented in Notes 24 and 25.

Note 2 - Summary of Significant Accounting Policies

The financial statements of Mahoning County have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to local governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial principles. The more significant of the County's accounting policies are described below.

Basis of Presentation

The County's basic financial statements consist of government-wide statements, including a statement of net position and a statement of activities, and fund financial statements, which provide a more detailed level of financial information.

Government-wide Financial Statements The statement of net position and the statement of activities display information about the County as a whole. These statements include the financial activities of the primary government, except for fiduciary funds. The activities of the internal service funds are eliminated to avoid "doubling up" revenues and expenses. The statements distinguish between those activities of the County that are governmental and those that are considered business-type.

The statement of net position presents the financial condition of the governmental and business-type activities of the County at year-end. The statement of activities presents a comparison between direct expenses and program revenues for each program or function of the County's governmental activities and for the business-type activities

Mahoning County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2014

of the County. Direct expenses are those that are specifically associated with a service, program or department and therefore clearly identifiable to a particular function. Program revenues include charges paid by the recipient of the goods or services offered by the program, grants and contributions that are restricted to meeting the operational or capital requirements of a particular program and interest earned on grants that is required to be used to support a particular program. Revenues which are not classified as program revenues are presented as general revenues of the County, with certain limited exceptions. The comparison of direct expenses with program revenues identifies the extent to which each governmental program or business activity is self-financing or draws from the general revenues of the County.

Fund Financial Statements During the year, the County segregates transactions related to certain County functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. Fund financial statements are designed to present financial information of the County at this more detailed level. The focus of governmental and enterprise fund financial statements is on major funds. Each major fund is presented in a separate column. Nonmajor funds are aggregated and presented in a single column. The internal service funds are presented in a single column on the face of the proprietary fund statements. Fiduciary funds are reported by type.

Fund Accounting

The County uses funds to maintain its financial records during the year. A fund is defined as a fiscal and accounting entity with a self balancing set of accounts. There are three categories of funds: governmental, proprietary and fiduciary.

Governmental Funds Governmental funds are those through which most governmental functions are financed. Governmental fund reporting focuses on the sources, uses and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may or must be used. Current liabilities are assigned to the fund from which they will be paid. The difference between governmental fund assets and deferred outflows of resources and fund liabilities and deferred inflows of resources is reported as fund balance. The following are the County's major governmental funds:

General Fund This fund accounts for and reports all financial resources except those required to be accounted for and reported in another fund. The general fund balance is available to the County for any purpose provided it is expended or transferred according to the general laws of Ohio.

Department of Human Services Fund This fund is used to account for and report various restricted State and Federal grants and mandated transfers from the general fund to provide public assistance to general relief recipients, pay their medical assistance to providers and certain public social services.

Children Services Board Fund This fund is used to account for and report the restricted County-wide property tax levy, State grants and reimbursements used for County child care programs. State law restricts the expenditures of these resources to programs designed to aid children from troubled families. Major expenditures are for foster homes, emergency shelters, medical costs, counseling and parental training.

Developmental Disabilities Board Fund This fund is used to account for and report the operation of a school and resident homes for the developmentally disabled. Restricted revenue sources include a County-wide property tax levy and Federal and State grants.

Debt Service Fund This fund is used to account for and report the accumulation of restricted debt proceeds, and the payment of, general long-term and special assessment principal, interest and related costs.

Mahoning County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2014

Buildings and Equipment Fund The buildings and equipment fund is used to account for and report the restricted capital related financing and expenditures associated with acquiring, renovating and construction of various major capital assets other than those financed by proprietary funds.

The other governmental funds of the County account for and report grants and other resources whose use is restricted, committed or assigned to a particular purpose.

Proprietary Funds Proprietary fund reporting focuses on the determination of operating income, changes in net position, financial position and cash flows. Proprietary funds are classified as either enterprise or internal service.

Enterprise Funds - Enterprise funds may be used to account for and report any activity for which a fee is charged to external users for goods or services. The following are the County's major enterprise funds:

Water Fund The water fund accounts for and reports revenues generated from the charges for distribution of water to the residential and commercial users of the County.

Sewer Fund The sewer fund accounts for and reports sewer services to County individuals and commercial users in the County. The costs of providing these services are financed primarily through user charges.

Internal Service Funds Internal service funds account for and report the financing of services provided by one department or agency to other departments or agencies of the County on a cost-reimbursement basis. The County's internal service funds report on County departments' costs of the vehicle pool, workers' compensation, self insurance programs for employee medical benefits and County departments' costs of the telephone data board.

Fiduciary Funds Fiduciary fund reporting focuses on net position and changes in net position. The fiduciary fund category is split into four classifications: pension trust funds, investment trust funds, private-purpose trust funds and agency funds. Trust funds are used to account for assets held by the County under a trust agreement for individuals, private organizations, or other governments and are therefore not available to support the County's own programs. Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations. The County only utilizes the agency fund type. The agency funds are used to collect and distribute taxes and various State and Federal monies to other governments within the County.

Measurement Focus

Government-wide Financial Statements The government-wide financial statements are prepared using a flow of economic resources measurement focus. All assets and deferred outflows of resources and all liabilities and deferred inflows of resources associated with the operation of the County are included on the Statement of Net Position. The Statement of Activities presents increases (e.g. revenues) and decreases (e.g. expenses) in total net position.

Fund Financial Statements All governmental funds are accounted for using a flow of current financial resources measurement focus. With this measurement focus, only current assets and deferred outflows of resources and current liabilities and deferred inflows of resources generally are included on the balance sheet. The statement of revenues, expenditures and changes in fund balances reports on the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the government-wide financial statements are prepared. Governmental fund financial statements therefore include a reconciliation with brief explanations to better identify the relationship between the government-wide statements and the statements for governmental funds.

Mahoning County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2014

Like the government-wide statements, all proprietary funds are accounted for on a flow of economic resources measurement focus. All assets and all liabilities associated with the operation of these funds are included on the statement of fund net position. The statement of changes in fund net position presents increases (i.e., revenues) and decreases (i.e., expenses) in total assets. The statement of cash flows provides information about how the County finances and meets the cash flow needs of its proprietary activities.

Basis of Accounting

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. Government-wide financial statements and the statements presented for the proprietary and fiduciary funds are prepared using the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting. Differences in the accrual and modified accrual basis of accounting arise in the recognition of revenue, in the recording of deferred inflows of resources and in the presentation of expenses versus expenditures.

Revenues - Exchange and Nonexchange Transactions Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the year in which the resources are measurable and become available. Available means that the resources will be collected within the current year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current year. For the County, available means expected to be received within sixty days of year-end.

Nonexchange transactions, in which the County receives value without directly giving equal value in return, include sales taxes, property taxes and grants, entitlements and donations. On an accrual basis, revenue from sales taxes is recognized in the period in which the sale occurred. Revenue from property taxes is recognized in the year for which the taxes are levied (See Note 7). Revenue from grants, entitlements and donations is recognized in the year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the year when use is first permitted, matching requirements, in which the County must provide local resources to be used for a specified purpose, and expenditure requirements, in which the resources are provided to the County on a reimbursement basis. On the modified accrual basis, revenue from nonexchange transactions must also be available before it can be recognized.

Under the modified accrual basis, the following revenue sources are considered to be both measurable and available at year-end: sales tax (See Note 8), interest, federal and state grants and subsidies, state-levied locally shared taxes (including gasoline tax and motor vehicle license fees), fees and rentals.

Deferred Outflows/Inflows of Resources In addition to assets, the statements of financial position will sometimes report a separate section for deferred outflows of resources. Deferred outflows of resources, represents a consumption of net position that applies to a future period and will not be recognized as an outflow of resources (expense/expenditure) until then. For the County, deferred outflows of resources include a deferred charge on refunding reported in the government-wide statement of net position and the proprietary funds statement of fund net position. A deferred charge on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt.

In addition to liabilities, the statements of financial position report a separate section for deferred inflows of resources. Deferred inflows of resources represent an acquisition of net position that applies to a future period and will not be recognized as an inflow of resources (revenue) until that time. For the County, deferred inflows of resources include property taxes and unavailable revenue. Property taxes represent amounts for which there is an enforceable legal claim as of December 31, 2014, but which were levied to finance year 2015 operations. These amounts have been recorded as a deferred inflow on both the government-wide statement of net position

Mahoning County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2014

and the governmental fund financial statements. Unavailable revenue is reported only on the governmental funds balance sheet, and represents receivables which will not be collected within the available period. For the County unavailable revenue includes delinquent property taxes, permissive sales tax, special assessments and intergovernmental grants. These amounts are deferred and recognized as an inflow of resources in the period the amounts become available.

Expenses/Expenditures On the accrual basis of accounting, expenses are recognized at the time they are incurred.

The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable. Allocations of cost, such as depreciation and amortization, are not recognized in governmental funds.

Cash and Cash Equivalents

To improve cash management, cash received by the County Treasurer is pooled. Cash balances, except cash held by a trustee, fiscal agent or held in segregated accounts are pooled and invested in short-term investments in order to provide improved cash management. Individual fund integrity is maintained through County records. Interest in the pool is presented as "equity in pooled cash and cash equivalents."

The County has segregated bank accounts for monies held separate from the County's central bank account. These interest bearing depository accounts are reported as "cash and cash equivalents in segregated accounts" or "investments in segregated accounts" since they are not required to be deposited into the County Treasury.

The County utilizes a financial institution to service bonded debt as principal and interest payments come due. The balances in these accounts are presented on the statement of fund net position as "cash and cash equivalents with fiscal agents."

The County utilizes a jointly governed organization (NEON) to service mentally disabled and developmentally disabled residents within the County. The balance in this account is presented as "cash and cash equivalents with fiscal agents" and represents the monies held for the County.

During 2014, investments were limited to federal home loan bank bonds, federal national mortgage association bonds, federal home loan mortgage corporation bonds, federal farm credit bonds, notes and STAR Ohio.

Except for nonparticipating investment contracts, investments are reported at fair value which is based on quoted market prices. Nonparticipating investment contracts such as repurchase agreements and nonnegotiable certificates of deposit are reported at cost.

STAR Ohio is an investment pool managed by the State Treasurer's Office which allows governments within the State to pool their funds for investment purposes. STAR Ohio is not registered with the SEC as an investment company, but does operate in a manner consistent with Rule 2a7 of the Investment Company Act of 1940. Investments in STAR Ohio are valued at STAR Ohio's net position value per share price which is the price the investment could be sold for on December 31, 2014.

Investment procedures are restricted by the provisions of the Ohio Revised Code. Interest revenue credited to the general fund during 2014 amounted to \$304,966, which includes \$263,898 assigned from other County funds.

Investments with original maturities of three months or less at the time they are purchased and investments of the cash management pool are presented on the financial statements as cash equivalents.

Mahoning County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2014

Restricted Assets

Assets are reported as restricted when limitations on their use change in nature or normal understanding of the availability of the asset. Such constraints are either externally imposed by creditors, contributors, grantors, or laws of other governments or imposed by law through constitutional provisions. Restricted assets in the general fund represent money set aside for unclaimed monies.

Pursuant to a bond indenture for the sewer fund, restricted assets include certain revenue bond debt proceeds, funds reserved for the redemption of matured revenue and general obligation bond interest, funds reserved for the replacement of assets and funds to cover unexpected contingencies.

Capital Assets

General capital assets are capital assets which are associated with and generally arise from governmental activities. They generally result from expenditures in the governmental funds. General capital assets are reported in the governmental activities column of the government-wide statement of net position but are not reported in the fund financial statements. Capital assets utilized by the enterprise funds are reported both in the business-type activities column of the government-wide statement of net position and in the respective funds.

All capital assets are capitalized at cost (or estimated historical cost) and updated for additions and retirements during the year. The County was able to estimate the historical cost for the initial reporting of infrastructure by backtrending (i.e., estimating the current replacement cost of the infrastructure to be capitalized and using an appropriate price-level index to deflate the cost to the acquisition year or estimated acquisition year). Donated capital assets are recorded at their fair market values as of the date received. The County maintains a capitalization threshold of five thousand dollars with the exception of land as land was listed regardless of cost. Improvements are capitalized; the costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not. Interest incurred during the construction of proprietary fund capital assets is also capitalized.

All capital assets are depreciated except for land and construction in progress. Improvements are depreciated over the remaining useful lives of the related capital assets. Useful lives for infrastructure were estimated based on the County's historical records of necessary improvements and replacement. Depreciation is computed using the straight-line method over the following useful lives:

Description	Governmental Activities	Business Type Activities
	Estimated Lives	Estimated Lives
Buildings, Structures and Improvements	10 - 40 Years	10 - 40 Years
Utility Plant in Service	N/A	40 Years
Vehicles	10 years	10 years
Furniture, Fixtures and Equipment	5 - 12 Years	5 - 12 Years
Infrastructure:		
Roads	25 Years	N/A
Bridges and Culverts	40 Years	N/A
Water, Sewer and Irrigation Systems	N/A	40 Years

For 2014, the County reported infrastructure consisting of roads, and bridges and culverts and includes infrastructure acquired prior to December 31, 1980.

For the Year Ended December 31, 2014

Interfund Balances

On fund financial statements, outstanding interfund loans and unpaid amounts for interfund services are reported as “interfund receivables/payables”. Interfund balance amounts are eliminated in the statement of net position, except for any net residual amounts due between governmental and business-type activities, which are presented as internal balances.

Compensated Absences

Vacation benefits are accrued as a liability as the benefits are earned if the employees' rights to receive compensation are attributable to services already rendered and it is probable that the employer will compensate the employees for the benefits through paid time off or some other means. The County records a liability for all accumulated unused vacation time when earned for all employees with more than one year of service.

Sick leave benefits are accrued as a liability using the termination method. The liability includes the employees who are currently eligible to receive termination benefits and those the County has identified as probable of receiving payment in the future. The amount is based on accumulated sick leave and employees' wage rates at fiscal year end, taking into consideration any limits specified in the County's termination policy.

An accrual for earned sick leave is made to the extent that it is probable that benefits will result in termination payments. The liability is based on the sick leave accumulated at the balance sheet date by those employees who currently are eligible to receive termination payments as well as other employees who are expected to become eligible in the future to receive such payments. The County records a liability for all accumulated unused sick leave for all employees after five years of service.

The entire compensated absence liability is reported on the government-wide financial statements.

On the governmental fund financial statements, compensated absences are recognized as a liability and expenditure to the extent payments come due each period upon the occurrence of employee resignations and retirements. These amounts are recorded in the account “Matured Compensated Absences Payable” in the fund from which the employee who has accumulated unpaid leave is paid.

Bond Premiums

On the government-wide financial statements, bond premiums are deferred and amortized over the term of the bonds using the straight line method. The straight-line method of amortization is not materially different from the effective-interest method. Bond premiums are presented as an increase of the face amount of the general obligation bonds payable. On governmental fund financial statements, bond premiums are receipted in the year the bonds are issued.

Accrued Liabilities and Long-Term Obligations

All payables, accrued liabilities and long-term obligations are reported in the government-wide financial statements and all payables, accrued liabilities and long-term obligations payable from proprietary funds are reported on the proprietary fund financial statements.

In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources, are reported as obligations of the funds. However, claims and judgments and compensated absences that will be paid from governmental funds are reported as a liability in the fund financial statements only to the extent that they are due for payment during the current year. Bonds, capital leases and long-term loans are recognized as a liability on the governmental fund financial statements when due.

Mahoning County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2014

Fund Balance

Fund balance is divided into five classifications based primarily on the extent to which the County is bound to observe constraints imposed upon the use of the resources in the governmental funds. The classifications are as follows:

Nonspendable The nonspendable fund balance category includes amounts that cannot be spent because they are not in spendable form, or legally or contractually required to be maintained intact. The “not in spendable form” criterion includes items that are not expected to be converted to cash. It also includes the long-term amount of loans receivable, as well as property acquired for resale, unless the use of the proceeds from the collection of those receivables or from the sale of those properties is restricted, committed, or assigned.

Restricted Fund balance is reported as restricted when constraints placed on the use of resources are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments or is imposed by law through constitutional provisions.

Committed The committed fund balance classification includes amounts that can be used only for the specific purposes imposed by a formal action (resolution) of County Commission. Those committed amounts cannot be used for any other purpose unless the County Commission removes or changes the specified use by taking the same type of action (resolution) it employed to previously commit those amounts. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements.

Assigned Amounts in the assigned fund balance classification are intended to be used by the County for specific purposes but do not meet the criteria to be classified as restricted or committed. In governmental funds other than the general fund, assigned fund balance represents the remaining amount that is not restricted or committed. These amounts are assigned by the Commissioners. In the general fund, assigned amounts represent intended uses established by the County Commissioners or a County official delegated that authority by resolution or by State Statute. State statute authorizes the County Auditor to assign fund balance for purchases on order provided such amounts have been lawfully appropriated. County Commissioners assigned fund balance to cover building regulations.

Unassigned Unassigned fund balance is the residual classification for the general fund and includes all spendable amounts not contained in the other classifications. In other governmental funds, the unassigned classification is used only to report a deficit fund balance.

The County applies restricted resources first when expenditures are incurred for purposes for which either restricted or unrestricted (committed, assigned, and unassigned) amounts are available. Similarly, within unrestricted fund balance, committed amounts are reduced first followed by assigned, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

Net Position

Net position represents the difference between all other elements in a statement of financial position. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowings used for the acquisition, construction or improvement of those assets. Net position is reported as restricted when there are limitations imposed on their use through external restrictions imposed by creditors, grantors or laws or regulations of other governments.

The County applies restricted resources first when an expense is incurred for purposes for which both restricted and unrestricted net position are available.

Mahoning County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2014

Operating Revenues and Expenses

Operating revenues are those revenues that are generated directly from the primary activity of the proprietary funds. For the County, these revenues are charges for services for water, sewer, vehicle maintenance, workers' compensation, self-insurance programs, and the telephone data board. Operating expenses are necessary costs that have been incurred in order to provide the good or service that is the primary activity of the fund. Any revenues and expenses not meeting the definitions of operating are reported as nonoperating.

Contributions of Capital

Contributions of capital in proprietary fund financial statements arise from outside contributions of capital assets, contributions of resources restricted to capital acquisition and construction and tap-in fees to the extent they exceed the cost of connection to the system.

Interfund Activity

Transfers between governmental and business-type activities on the government-wide statements are reported in the same manner as general revenues. Transfers between governmental activities are eliminated on the government wide financial statements. Internal allocations of overhead expenses from one function to another or within the same function are eliminated on the statement of activities. Interfund payments for services provided and used are not eliminated.

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds and after nonoperating revenues/expenses in proprietary funds. Repayments from funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented on the financial statements.

Estimates

The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

Budgetary Process

All funds, except agency funds, are legally required to be budgeted and appropriated. The major documents prepared are the tax budget, the certificate of estimated resources, and the appropriations resolution, all of which are prepared on the budgetary basis of accounting. The tax budget demonstrates a need for existing or increased tax rates. The certificate of estimated resources establishes a limit on the amount the Commissioners may appropriate. The appropriations resolution is the Commissioners' authorization to spend resources and sets annual limits on expenditures plus encumbrances at the level of control selected by the Commissioners. The legal level of control has been established by the Commissioners at the department level for the general fund and at the fund level for all other funds, and, within each, the amount appropriated for personal services. Any budgetary modifications at this level may only be made by resolution of the County Commissioners.

The certificate of estimated resources may be amended during the year if projected increases or decreases in revenue are identified by the County Auditor. The amounts reported as the original and final budgeted amounts on the budgetary statements reflect the amounts on the certificate of estimated resources when the original and final appropriations were enacted by the Commissioners.

Mahoning County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2014

The appropriation resolution is subject to amendment throughout the year with the restriction that appropriations cannot exceed estimated resources. The amounts reported as the original budgeted amounts reflect the first appropriation resolution for that fund that covered the entire year, including amounts automatically carried forward from prior years. The amounts reported as the final budgeted amounts represent the final appropriation amounts passed by the Commissioners during the year.

Deferred Charge on Refunding

On the government-wide financial statements and the proprietary funds financial statements, the difference between the reacquisition price (funds required to refund the old debt) and the net carrying amount of the old debt, the gain/loss on the refunding, is being amortized as a component of interest expense. This deferred amount is amortized over the life of the old or new debt, whichever is shorter, using the straight line method and is presented as deferred outflows of resources on the statement of net position. The straight line method is not materially different from the effective interest method.

Note 3 - Budgetary Basis of Accounting

While reporting financial position, results of operations and changes in fund balance on the basis of generally accepted accounting principles (GAAP basis), the budgetary basis as provided by law and described above is based upon accounting for certain transactions on a basis of cash receipts, disbursements, and encumbrances. The Statements of Revenues, Expenditures, and Changes in Fund Balances - Budget (Non-GAAP Basis) and Actual - are presented in the basic financial statements for the general fund and major special revenue funds.

The major differences between the budget basis and the GAAP Basis (generally accepted accounting principles) are:

- a) Revenues are recorded when received in cash (budget) as opposed to when susceptible to accrual (GAAP).
- b) Expenditures are recorded when paid in cash (budget) as opposed to when the liability is incurred (GAAP).
- c) Encumbrances are treated as expenditures for all funds (budget) rather than restricted, committed, or assigned fund balance (GAAP).
- d) Unrecorded cash, which consists of in-transit court cash and unrecorded interest is not reported by the County on the operating statements (budget), but is reported on the GAAP basis operating statements.
- e) Investments are reported at cost (budget) rather than at fair value (GAAP).
- f) Advances-In and Advances-Out are operating transactions (budget) as opposed to balance sheet transactions (GAAP).
- g) Budgetary revenues and expenditures of the revolving loans, economic development, tax certificate administration, adult protective services, certificate of title administration and recorder equipment funds are classified to the general fund for GAAP reporting.

The following tables summarize the adjustments necessary to reconcile the GAAP basis statements to the budgetary basis statements for the general and major special revenue funds.

Mahoning County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2014

	Net Change in Fund Balances

Note 4 – Accountability and Violations of Finance-Related Legal or Contractual Provisions – Rate Covenant Violation

Accountability

The following funds had a deficit fund balance/net position as of December 31, 2014:

Department of Human Services	\$586,551
Debt Service	2,696,137
<i>Internal Service Funds</i>	
Self-funded Hospitalization	3,002,024

The department of human services special revenue fund had a deficit fund balance caused by the recognition of expenditures on a modified accrual basis of accounting which are substantially greater than the expenditures recognized on a cash basis. The general fund is liable for any deficit in the funds and provides transfers when cash is required, not when accruals occur.

The debt service fund had a deficit caused by the issuance of sales tax anticipation notes in a prior year. Once the notes are retired, the deficit will be eliminated.

The self-funded hospitalization fund deficit is caused by accruals related to claims payable and long-term bonds payable.

Violations of Finance-Related Legal or Contractual Provisions – Rate Covenant Violation

At December 31, 2014, the County was not in compliance with the provisions of the 2010 Sewer Revenue Bond. The County covenants (the “Rate Covenant”) in the Indenture that it will at all times prescribe and charge rates and charges for the services of the System, and will so restrict the Operating Expenses of the System, so that both

Mahoning County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2014

(a) and (b) are met: (a) Net Income Available for Debt Service in each System Fiscal Year must be at least equal to 115 percent of Debt Service on the Outstanding Bonds, plus 115 percent of Debt Service on General Obligation Securities of the County payable from Revenues of the System, plus 100 percent of Debt Service on outstanding loans to the County from the OWDA, OPWC, USDA, and other obligations subordinate to the Bonds, in that Fiscal Year, less any amount of interest for the Fiscal Year that has been capitalized. (b) Net Revenues, plus investment earnings on the Bond Fund, the Revenue Fund, Reserve Fund, the Rate Stabilization Fund, and the Replacement Fund, and less proceeds from the sale of any portion of the System and proceeds of property insurance or condemnation awards, in each Fiscal Year must be at least equal to 100 percent of the Debt Service on the Bonds in that Fiscal Year, less any amount of interest for the Fiscal Year that has been capitalized.

County management has already undergone a rate feasibility study as required by the bond indenture and they are taking the appropriate steps to ensure compliance in the future. The County had a rate increase effective January 1, 2015 and there will be a second increase effective July 1, 2015. The County also has strong cash reserves to cover future debt payments.

Note 5 - Fund Balances

Fund balance is classified as nonspendable, restricted, committed, assigned and/or unassigned based primarily on the extent to which the County is bound to observe constraints imposed upon the use of the resources in the government funds. The constraints placed on fund balance for the major governmental funds and all other governmental funds are presented below:

Fund Balances	General	Department of Human Services	Children Services Board	Developmental Disabilities Board	Debt Service	Buildings and Equipment	Other Governmental Funds	Total
<i>Nonspendable</i>

Mahoning County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2014

Stabilization arrangement The governing council adopted a resolution to establish and maintain a revenue stabilization reserve (“rainy day fund”) in the general fund. The principal resource for this reserve is 60 percent of all casino revenue received by the County. The revenue will be reserved on an annual basis with a maximum of \$1 million being set aside in any one year. The remaining 40 percent of the casino revenue and any amounts greater than \$1 million annually will be available for appropriation during the fiscal year. Once the County’s reserve reaches 15 percent of general fund expenditures threshold, all revenues may be appropriated for current year operations. The reserve monies can only be used in a fiscal emergency or to repay prior debt issuances and the action must be approved by a unanimous vote of the current County Commissioners.

Note 6 - Deposits and Investments

Monies held by the County are classified by State Statute two categories, active and inactive. Active monies are public monies determined to be necessary to meet current demands upon the County treasury. Active monies must be maintained either as cash in the County treasury, in commercial accounts payable or withdrawable on demand, including negotiable order of withdrawal (NOW) accounts, or in money market deposit accounts.

Protection of the County’s deposits is provided by the Federal Deposit Insurance Corporation, by eligible securities pledged by the financial institution as security for repayment, by surety company bonds deposited with the treasurer by the financial institution or by a single collateral pool established by the financial institution to secure the repayment of all public monies deposited with the institution.

Monies held by the County, which are not considered active, are classified as inactive. Inactive monies may be deposited or invested in the following securities provided a written investment policy has been filed with the Ohio Auditor of State:

1. United States Treasury Bills, Notes, Bonds, or any other obligation or security issued by the United States Treasury or any other obligation guaranteed as to principal and interest by the United States; or any book entry, zero-coupon United States treasury security that is a direct obligation of the United States;
2. Bonds, notes, debentures, or any other obligations or securities issued by any federal government agency or instrumentality, including but not limited to, Federal National Mortgage Association, Federal Home Loan Bank, Federal Farm Credit Bank, Federal Home Loan Mortgage Corporation, Government National Mortgage Association, and Student Loan Marketing Association. All federal agency securities shall be direct issuances of federal government agencies or instrumentalities;
3. Written repurchase agreements in securities listed above provided that the market value of the securities subject to the repurchase agreement must exceed the principal value of the agreement by at least two percent and be marked to market daily, and that the term of the agreement must not exceed thirty days;
4. Bonds and other obligations of the State of Ohio or its political subdivisions, provided that such political subdivisions are located wholly or partly within the County;
5. Time certificates of deposit or savings or deposit accounts, including, but not limited to, passbook accounts;
6. No-load money market mutual funds consisting exclusively of obligations described in (1) or (2) above and repurchase agreements secured by such obligations, provided that these investments are made only through eligible institutions;

Mahoning County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2014

7. The State Treasurer's investment pool (STAR Ohio);
8. Securities lending agreements in which the County lends securities and the eligible institution agrees to simultaneously exchange similar securities or cash, equal value for equal value;
9. Up to twenty-five percent of the County's average portfolio in either of the following:
 - a. Commercial paper notes in entities incorporated under the laws of Ohio, or any other State, that have assets exceeding five hundred million dollars, which are rated in the highest classification established by two nationally recognized standard rating services, which do not exceed ten percent of the value of the outstanding commercial paper of the issuing corporation and which mature within 270 days after purchase;
 - b. Banker's acceptances eligible for purchase by the Federal Reserve System and which mature within 180 days after purchase.
10. Fifteen percent of the County's average portfolio in notes issued by U.S. corporations or by depository institutions that are doing business under authority granted by the U.S. provided that the notes are rated in the second highest or higher category by at least two nationally recognized standard rating services at the time of purchase and the notes mature within two years from the date of purchase.
11. No-load money market mutual fund rated in the highest category at the time of purchase by at least one nationally recognized standard rating service consisting exclusively of obligations guaranteed by the United States, securities issued by a federal government agency of instrumentality, and/or highly rate commercial paper.
12. One percent of the County's average portfolio in debt interest rated at the time of purchase in the three categories by two nationally recognized standard rating services and issued by foreign nations diplomatically recognized by the United States government.

Reverse repurchase agreements, investments in derivatives, and investments in stripped principal or interest obligations that are not issued or guaranteed by the United States are prohibited. The issuance of taxable notes for the purpose of arbitrage, the use of leverage and short selling are also prohibited. Other than corporate notes, commercial paper, and bankers acceptances, an investment must mature within five years from the date of settlement unless matched to a specific obligation or debt of the County. Investments must be purchased with the expectation that they will be held to maturity. Investments may only be made through specified dealers and institutions. Payments for investments may be made only upon delivery of the securities representing the investments to the treasurer or qualified trustee or, if the securities are not represented by a certificate, upon receipt of confirmation of transfer from the custodian.

Deposits

Custodial Credit Risk Custodial credit risk for deposits is the risk that in the event of bank failure, the County will not be able to recover deposits or collateral securities that are in the possession of an outside party. At year end, \$16,142,467 of the County's bank balance of \$17,392,467 was uninsured and uncollateralized. Although the securities were held by the pledging financial institutions' trust department and all statutory requirements for the deposit of money had been followed, noncompliance with Federal requirements could potentially subject the County to a successful claim by the FDIC.

The County has no deposit policy for custodial risk beyond the requirements of State statute. Ohio law requires that deposits be either insured or be protected by eligible securities pledged to and deposited either with the County or a qualified trustee by the financial institution as security for repayment, or by a collateral pool of

Mahoning County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2014

eligible securities deposited with a qualified trustee and pledged to secure the repayment of all public monies deposited in the financial institution whose market value at all times shall be at least one hundred five percent of the deposits being secured.

At December 31, 2014, the County's board of developmental disabilities special revenue fund had a balance of \$88,759 with NEON, a jointly governed organization (See Note 23). The money is held by NEON in a pooled account which is representative of more than one entity and therefore cannot be classified by risk under GASB Statement 40. Any risk associated with the cash and cash equivalents and investments for NEON as a whole may be obtained from their audit report. Complete financial statements can be obtained from the North East Ohio Network, 5121 Mahoning Avenue, Suite 102, Austintown, Ohio 44515.

Investments

Investments are reported at fair value. As of December 31, 2014, the County had the following investments:

	Fair Value	Maturity	Standard & Poor's	Percent of Total Investments
Federal Home Loan Bank Bonds	\$23,351,791	Less than five years	AA+	25.16 %
Federal National Mortgage Association Bonds	26,560,635	Less than five years	AA+	28.62
Federal Home Loan Mortgage Corporation Bonds	22,488,735	Less than five years	AA+	24.23
Federal Farm Credit Bonds	18,390,725	Less than three years	AA+	19.82
United States Treasury Notes	994,300	Less than three years	AA+	1.07
STAR Ohio	1,024,293	Average of 50.1 days	AAAm	NA
Total Portfolio	<u>\$92,810,479</u>			

Interest Rate Risk As a means of limiting its exposure to fair value losses caused by rising interest rates, the County's investment policy requires that operating funds be invested primarily in short-term investments maturing within five years from the date of purchase and that the County's investment portfolio be structured so that securities mature to meet cash requirements for ongoing operations and/or long-term debt payments. The stated intent of the policy is to avoid the need to sell securities prior to maturity. Repurchase agreements are limited to 30 days and the market value of the securities must exceed the principal value of the agreement by at least 2 percent and be marked to market daily.

Credit Risk All investments of the County carry a rating of AA+ or AAAm by Standard & Poor's. The County has no investment policy that addresses credit risk.

Concentration of Credit Risk. The County places no limit on the amount it may invest in any one issuer.

Note 7 - Property Taxes

Property taxes include amounts levied against all real and public utility property located in the County. Property tax revenue received during 2014 for real and public utility property taxes represents collections of 2013 taxes.

2014 real property taxes were levied after October 1, 2014, on the assessed value as of January 1, 2014, the lien date. Assessed values are established by State law at 35 percent of appraised market value. 2014 real property taxes are collected in and intended to finance 2015.

Real property taxes are payable annually or semi-annually. If paid annually, payment is due December 31; if paid semi-annually, the first payment is due December 31, with the remainder payable by June 20. Under certain circumstances, State statute permits later payment dates to be established.

Mahoning County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2014

Public utility tangible personal property currently is assessed at varying percentages of true value; public utility real property is assessed at 35 percent of true value. 2014 public utility property taxes which became a lien December 31, 2013, are levied after October 1, 2014, and are collected in 2015 with real property taxes.

The full tax rate for all County operations for the year ended December 31, 2014, was \$13.70 per \$1,000 of assessed value. The assessed values of real and public utility tangible personal property upon which 2014 property tax receipts were based are as follows:

Real Estate	
Residential/Agricultural	\$2,857,087,950
Other Real Estate	909,318,950
Tangible Personal Property	
Public Utility	194,662,910
Total	<u>\$3,961,069,810</u>

The County Treasurer collects property tax on behalf of all taxing districts within the County. The County Auditor periodically remits to the taxing districts their portions of the taxes collected. Property taxes receivable represents real and public utility property taxes and outstanding delinquencies which were measurable as of December 31, 2014, and for which there was an enforceable legal claim. In governmental funds, the portion of the receivable not levied to finance 2014 operations is offset to deferred inflows of resources – property taxes. On the accrual basis, collectible delinquent property taxes have been recorded as a receivable and revenue while on the modified accrual basis the revenue has been reported as deferred inflows of resources – unavailable revenue.

Note 8 - Permissive Sales and Use Tax

The County has levied a 1 percent sales tax which is collected by the State of Ohio and remitted to the County on a monthly basis. The Board of County Commissioners enacted this tax with two separate ½ percent taxes under the authority of the Ohio Revised Code. The Commissioners passed a resolution to place a ½ percent sales tax on the November, 2009 ballot as a continuous 5-year tax effective October 1, 2010. The voters did not pass the tax with a 57 percent vote. The Commissioners then passed a resolution to place a temporary ½ percent sales tax on the May 2010 ballot. The sales tax passed with a 68 percent vote. This ½ percent sales tax will expire on October 1, 2015. The Commissioners also passed a resolution placing a continuous ½ percent sales tax on the May 2007 ballot. The voters passed this continuous sales tax with a 67 percent vote.

The sales tax generates approximately \$33 million in general fund revenues each year. Sales tax revenues from both ½ percent sales taxes are credited to the County's general fund and provide financing for current operating expenditures.

Note 9 - Contingent Liabilities

Grants

The County received financial assistance from Federal and State agencies in the form of grants. The disbursement of funds received under these programs generally require compliance with terms and conditions specified in the grant agreements and is subject to audit by the grantor agency. Any disallowed claims resulting from such audits could become a liability of the general fund or other applicable funds. However, in the opinion of management such disallowed claims will not have a material adverse effect on the overall position of the County.

Mahoning County, Ohio

For the Year Ended December 31, 2014

Litigation

The County is party to legal proceedings. The County Commissioners are of the opinion that ultimate disposition of these claims will not have a material effect, if any, on the financial condition of the County.

Note 10 - Receivables

Receivables at December 31, 2014, consisted of taxes, accounts (billings for user charged services including unbilled utility services), special assessments, interfund, accrued interest and intergovernmental receivables arising from grants, entitlements, and shared revenues.

No allowance for doubtful accounts has been recorded because uncollectible amounts are expected to be insignificant. All receivables except for special assessments and delinquent property taxes are expected to be collected within one year.

Special assessments expected to be collected in more than one year amount to \$28,793 in the debt service fund, \$426,574 in the 911 operations special revenue fund, \$35,599 in the water enterprise fund and \$303,702 in the sewer enterprise fund. At December 31, 2014 the amount of delinquent special assessments was \$283,454.

Property taxes, although ultimately collectible, include some portion of delinquencies that will not be collected within one year.

A summary of the principal items of intergovernmental receivables follows:

	<u>Amount</u>
<i>Governmental Activities</i>	
General Fund	
Local Government	\$1,338,124
Homestead and Rollback	994,390
Casino Revenues	681,880
Special Elections	348,206
Prisoner Bookings	57,788
State of Ohio	<u>3,425</u>
Total General Fund	<u>3,423,813</u>
Special Revenue Funds	
Major	
Developmental Disabilities Board	2,165,302
Department of Human Services	10,108
Children Services Board	550,534
Nonmajor	
Grants	4,337,657
Motor Vehicle Gasoline Tax	5,442,666
Board of Mental Health	342,464
911 Operations	25,955
Sheriff's Policing Revenue	<u>8,705</u>
Total Special Revenue Funds	<u>\$12,883,391</u>

Mahoning County, Ohio

Note 12 - Risk Management

The County is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees and natural disasters. During 2014, the County contracted with CORSA for insurance coverage as follows:

General Liability	\$1,000,000
Law Enforcement Liability	1,000,000
Public Officials Liability	1,000,000
Automobile Liability	1,000,000
Building and Contents - Actual Cash Value	513,947,991
Other Property Insurance:	
Extra Expense	1,000,000
Flood and Earthquakes	100,000,000
Valuable Papers	1,000,000
Comprehensive Boiler and Machinery	100,000,000
Crime Coverage	1,000,000
Excess Liability	10,000,000

Settled claims have not exceeded coverage in any of the last three years and there was no significant reduction in coverage from the prior year.

The County has elected to provide medical benefits through a self insured program. The maintenance of these benefits is accounted for in the self-funded hospitalization internal service fund. An excess coverage insurance

Mahoning County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2014

(stop loss) policy covers annual claims in excess of \$150,000 per individual and \$1,000,000 for the County as a whole. Incurred but not reported claims of \$2,205,516 have been accrued as a liability based on a review of January 2014 billings provided by the County Auditor's Office. The claims liability is based on the requirements of Governmental Accounting Standards Board Statement No. 30 which requires that a liability for unpaid claims costs, including estimates of costs relating to incurred but not reported claims, be reported. The estimate was not affected by incremental claim adjustment expenses and does not include other allocated or unallocated claims adjustment expenses. Changes in the fund's claims liability amounts for 2013 and 2014 were:

	Balance at Beginning of Year	Current Year Claims	Claim Payments	Balance at End of Year
2013	\$1,211,087	\$16,724,731	\$16,641,959	\$1,293,859
2014	1,293,859	19,793,612	18,881,955	2,205,516

The County participates in the State Workers' Compensation retrospective rating and payment system. Once the County receives notice of the 2014 claims paid by the Bureau of Workers' Compensation, the County will reimburse the State for claims paid on the County's behalf. The payable is reclassified from claims payable to intergovernmental payable. This plan involves the payment of a minimum premium for administrative services and stop-loss coverage in addition to the actual claim costs for employees injured in 2014. The minimum premium portion of intergovernmental payable is \$520,409 and the actual claim costs are \$815,353. The maintenance of these benefits is accounted for in the Workers' Compensation internal service fund.

Incurred but not reported claims and premium of \$2,702,136 have been accrued as a liability at December 31, 2014, based on an estimate by the County Auditor's Office and the Bureau of Workers' Compensation. The intergovernmental and claims liability reported in the workers' compensation internal service fund at December 31, 2014, is based on the requirements of Governmental Accounting Standards Board Statement No. 30 which requires that a liability for unpaid claims costs, including estimates of costs relating to incurred but not reported claims, be reported. The estimate was not affected by incremental claim adjustment expenses and does not include other allocated or unallocated claims adjustment expenses. Changes in the fund's intergovernmental and claims liability amounts for 2013 and 2014 were:

	Balance at Beginning of Year	Current Year Claims	Claim Payments	Change in Workers' Compensation Estimate	Balance at End of Year
2013	\$2,188,097	\$295,719	\$623,661	\$97,977	\$1,958,132
2014	1,958,132	331,894	588,485	480,186	2,181,727

Note 13 – Shared Risk Pool

County Risk Sharing Authority, Inc. (CORSA) is a shared risk pool among sixty-five counties in Ohio. CORSA was formed as an Ohio nonprofit corporation for the purpose of establishing the CORSA Insurance/Self-Insurance Program, a group primary and excess insurance/self-insurance and risk management program. Member counties agree to jointly participate in coverage of losses and pay all contributions necessary for the specified insurance coverages provided by CORSA. These coverages include comprehensive general liability, automobile liability, certain property insurance and public officials' errors and omissions liability insurance.

Each member County has one vote on all matters requiring a vote, to be cast by a designated representative. The affairs of the Corporation are managed by an elected board of not more than nine trustees. Only county commissioners of member counties are eligible to serve on the board. No county may have more than one representative on the board at any time. Each member county's control over the budgeting and financing of

Mahoning County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2014

CORSA is limited to its voting authority and any representation it may have on the board of trustees. CORSA has issued certificates of participation in order to provide adequate cash reserves. The certificates are secured by the member counties' obligations to make coverage payments to CORSA. The participating counties have no responsibility for the payment of the certificates. The County does not have an equity interest in CORSA. The County's payment for insurance to CORSA in 2014 was \$825,607.

Note 14 - Defined Benefit Pension Plan

Ohio Public Employees Retirement System

Plan Description - The County participates in the Ohio Public Employees Retirement System (OPERS). OPERS administers three separate pension plans. The traditional plan is a cost-sharing, multiple-employer defined benefit pension plan. The member-directed plan is a defined contribution plan in which the member invests both member and employer contributions (employer contributions vest over five years at 20 percent per year). Under the member-directed plan, members accumulate retirement assets equal to the value of the member and vested employer contributions plus any investment earnings. The combined plan is a cost-sharing, multiple-employer defined benefit pension plan. Under the combined plan, OPERS invests employer contributions to provide a formula retirement benefit similar in nature to, but less than, the traditional plan benefit. Member contributions, the investment of which is self-directed by the member, accumulate retirement assets in a manner similar to the member-directed plan.

OPERS provides retirement, disability, survivor and death benefits, and annual cost of living adjustments to members of the traditional and combined plans. Members of the member-directed plan do not qualify for ancillary benefits. Authority to establish and amend benefits is provided by Chapter 145 of the Ohio Revised Code. OPERS issues a stand-alone financial report that may be obtained by visiting <https://www.opers.org/investments/cafr.shtml>, by writing to the Ohio Public Employees Retirement System, 277 East Town Street, Columbus, Ohio 43215-4642, or by calling (614) 222-5601 or 800-222-7377.

Funding Policy - The Ohio Revised Code provides statutory authority for member and employer contributions and currently limits the employer contribution to a rate not to exceed 14 percent of covered payroll for state and local employer units and 18.1 percent of covered payroll for public safety and law enforcement employer units. Member contribution rates, as set forth in the Ohio Revised Code, are not to exceed 10 percent of covered payroll for members in the state and local classifications. The Ohio Revised Code authorizes OPERS to calculate employee contribution rates for public safety employees and limits the law enforcement rate to the public safety rate plus an additional percent not to exceed 2 percent. For the year ended December 31, 2014, members in state and local classifications contributed 10 percent of covered payroll while public safety and law enforcement members contributed 12 percent and 13 percent, respectively. While members in the state and local classifications may participate in all three plans, public safety and law enforcement classifications exist only within the traditional plan. For 2014, member and employer contribution rates were consistent across all three plans.

The County's 2014 contribution rate was 14 percent, except for those plan members in public safety or law enforcement, for whom the County's contribution was 18.1 percent of covered payroll. The portion of the County's contribution used to fund pension benefits is net of postemployment health care benefits. The portion of the County's contribution allocated to health care for members in both the traditional and combined plans was 2 percent for 2014. Effective January 1, 2015, the portion of the employer contribution allocated to health care remains at 2 percent. Employer contribution rates are actuarially determined.

The County's required contribution for pension obligations to the traditional and combined plans for the years ended December 31, 2014, 2013 and 2012 was \$8,270,082, \$8,689,367 and \$6,484,064, respectively. For 2014, 93.73 percent has been contributed with the balance being reported as an intergovernmental payable. The full

Mahoning County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2014

amount has been contributed for 2013 and 2012. Contributions to the member-directed plan for 2014 were \$129,068 made by the County and \$92,191 made by the plan members.

State Teachers Retirement System

Plan Description – The County participates in the State Teachers Retirement System of Ohio (STRS Ohio), a cost-sharing multiple-employer public employee retirement system. STRS Ohio provides retirement and disability benefits to members and death and survivor benefits to beneficiaries. STRS Ohio issues a stand-alone financial report that can be obtained by writing to STRS Ohio, 275 E. Broad St., Columbus, OH 43215-3771, by calling (888) 227-7877, or by visiting the STRS Ohio Web site at www.strsoh.org.

New members have a choice of three retirement plans; a Defined Benefit (DB) Plan, a Defined Contribution (DC) Plan and a Combined Plan. The DB plan offers an annual retirement allowance based on final average salary multiplied by a percentage that varies based on years of service, or an allowance based on a member's lifetime contributions and earned interest matched by STRS Ohio funds divided by an actuarially determined annuity factor. The DC Plan allows members to place all their member contributions and employer contributions equal to 10.5 percent of earned compensation into an investment account. Investment decisions are made by the member. A member is eligible to receive a retirement benefit at age 50 and termination of employment. The member may elect to receive a lifetime monthly annuity or a lump sum withdrawal. The Combined Plan offers features of both the DB Plan and the DC Plan. In the Combined Plan, member contributions are invested by the member, and employer contributions are used to fund the defined benefit payment at a reduced level from the regular DB Plan. The DB portion of the Combined Plan payment is payable to a member on or after age 60; the DC portion of the account may be taken as a lump sum payment or converted to a lifetime monthly annuity at age 50. Benefits are established by Ohio Revised Code Chapter 3307.

A DB or Combined Plan member with five or more years of credited service who becomes disabled may qualify for a disability benefit. Eligible spouses and dependents of these active members who die before retirement may qualify for survivor benefits. Members in the DC Plan who become disabled are entitled only to their account balance. If a member of the DC Plan dies before retirement benefits begin, the member's designated beneficiary is entitled to receive the member's account balance.

Funding Policy - Chapter 3307 of the Ohio Revised Code provides statutory authority for member and employer contributions. Contribution rates are established by the State Teachers Retirement Board, upon the recommendation of its consulting actuary, not to exceed statutory maximum rates of 11 percent for members and 14 percent for employers. The statutory maximum employee contribution rate was increased one percent July 1, 2013, and will be increased one percent each year until it reaches 14 percent on July 1, 2016. For the fiscal year ended June 30, 2014, plan members were required to contribute 11 percent of their annual covered salary. The School District was required to contribute 14 percent; 13 percent was the portion used to fund pension obligations.

The County's required contributions to STRS Ohio for December 31, 2014, 2013 and 2012 were \$94,142, \$95,190 and \$96,238, respectively. For 2014, 94.97 percent has been contributed with the balance being reported as an intergovernmental payable. The full amount has been contributed for 2013 and 2012. There were no contributions to the DC and Combined Plans in 2014.

Mahoning County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2014

Note 15 - Postemployment Benefits

Ohio Public Employees Retirement System

Plan Description - The Ohio Public Employees Retirement System (OPERS) administers three separate pension plans: the traditional plan, a cost-sharing, multiple-employer defined benefit pension plan; the member-directed plan, a defined contribution plan; and the combined plan, a cost-sharing, multiple-employer defined benefit pension plan that has elements of both a defined benefit and defined contribution plan.

OPERS maintains a cost-sharing, multiple-employer defined benefit postemployment health care plan for qualifying members of both the traditional and combined plans. Members of the member-directed plan do not qualify for ancillary benefits, including postemployment health care coverage. The plan includes a medical plan, a prescription drug program, and Medicare Part B premium reimbursement.

In order to qualify for postemployment health care coverage, age and service retirees under the traditional and combined plans must have ten or more years of qualifying Ohio service credit. Health care coverage for disability benefit recipients and qualified survivor benefit recipients is available. The Ohio Revised Code permits, but does not mandate, OPERS to provide health care benefits to its eligible members and beneficiaries. Authority to establish and amend benefits is provided in Chapter 145 of the Ohio Revised Code.

Disclosures for the health care plan are presented separately in the OPERS financial report which may be obtained by visiting <https://www.opers.org/investments/cafr.shtml>, by writing to the Ohio Public Employees Retirement System, 277 East Town Street, Columbus, Ohio 43215-4642, or by calling (614) 222-5601 or 800-222-7377.

Funding Policy - The postemployment health care plan was established under, and is administered in accordance with, Internal Revenue Code 401(h). The Ohio Revised Code provides the statutory authority requiring public employers to fund postemployment health care through contributions to OPERS. A portion of each employer's contribution to OPERS is set aside for the funding of postemployment health care.

Employer contribution rates are expressed as a percentage of the covered payroll of active members. In 2014, state and local employers contributed 14 percent of covered payroll and public safety and law enforcement employers contributed 18.1 percent. These are the maximum employer contribution rates permitted by the Ohio Revised Code.

Each year, the OPERS retirement board determines the portion of the employer contribution rate that will be set aside for funding postemployment health care benefits. The portion of the employer contribution allocated to health care for members in both the traditional and combined plans was 2 percent for 2014. Effective January 1, 2015, the portion of the employer contribution allocated to health care remains at 2 percent for both plans as recommended by the OPERS actuary.

The OPERS retirement board is also authorized to establish rules for the payment of a portion of the health care benefits provided by the retiree or the retiree's surviving beneficiaries. Payment amounts vary depending on the number of covered dependents and the coverage selected. Active members do not make contributions to the postemployment health care plan.

The County's contribution allocated to fund postemployment health care benefits for the years ended December 31, 2014, 2013 and 2012 was \$1,378,347, \$668,413 and \$2,593,626 respectively. For 2014, 93.73 percent has been contributed with the balance being reported as an intergovernmental payable. The full amount has been contributed for 2013 and 2012.

Mahoning County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2014

Changes to the health care plan were adopted by the OPERS Board of Trustees on September 9, 2012, with a transition plan commencing on January 1, 2014. With the passage of pension legislation under SB 343 and the approved health care changes, OPERS expects to be able to consistently allocate 4 percent of the employer contribution toward the health care fund after the end of the transition period.

State Teachers Retirement System

Plan Description – The County participates in the cost-sharing multiple-employer defined benefit Health Plan administered by the State Teachers Retirement System of Ohio (STRS Ohio) for eligible retirees who participated in the defined benefit or combined pension plans offered by STRS Ohio. Ohio law authorizes STRS to offer this plan. Benefits include hospitalization, physicians' fees, prescription drugs and reimbursement of monthly Medicare Part B premiums. The Plan is included in the report of STRS Ohio which can be obtained by visiting www.strsoh.org or by calling (888) 227-7877.

Funding Policy – Ohio Revised Code Chapter 3307 authorizes STRS Ohio to offer the Plan and gives the Retirement Board authority over how much, if any, of the health care costs will be absorbed by STRS Ohio. Active employee members do not contribute to the Health Care Plan. All benefit recipients, for the most recent year, pay a monthly premium. Under Ohio law, funding for post-employment health care may be deducted from employer contributions. For fiscal year 2014, STRS Ohio allocated employer contributions equal to one percent of covered payroll to post-employment health care. The County's contributions for health care for December 31, 2014, 2013 and 2012 were \$7,242, \$7,322 and \$7,403 respectively. For 2014, 94.97 percent has been contributed, with the balance being reported as an intergovernmental payable. The full amount has been contributed for 2013 and 2012. The STRS Board voted to discontinue the current one percent allocation to the health care fund effective July 1, 2014.

Note 16 - Compensated Absences

Upon retirement, employees with at least 10 years of County service credit are compensated for unused sick leave based on varying percentages of the total number of hours accumulated. For all County employees, all accumulated, unused vacation time (maximum of three years) is paid upon separation if the employee has at least one year of service with the County.

Note 17 – Notes Payable

Total Water Fund	398,191	388,442	(399,052)	387,581
<i>Total General Obligation Notes</i>	<u>\$987,916</u>	<u>\$963,538</u>	<u>(\$990,052)</u>	<u>\$961,402</u>

During 2014, the County issued a \$1,000,000 manuscript note for various improvements. The notes were issued from the general fund to the building and equipment fund with an interest rate of 4.00 percent and were retired September 30, 2014.

During 2014, the County issued \$955,000 in bond anticipation notes for the enterprise funds for the South Milton Water Project. The notes were issued with an interest rate of 1.25 percent and will mature September 29, 2015. As of December 31, 2014 all proceeds have been spent.

In prior years, the County issued sales tax anticipation notes for the purpose of paying current principal and interest payments during the year. The notes will be paid from the bond retirement fund with the proceeds of the County's levy of its ½ percent sales and use tax approved by the voters. The debt service fund retired \$1,245,000 in sales tax anticipation notes during 2014. Principal and interest payments to retire the sales tax anticipation notes are as follows:

	Principal	Interest	Total
2015	\$1,225,000	\$138,288	\$1,363,288
2016	1,025,000	110,413	1,135,413
2017	935,000	86,113	1,021,113
2018	945,000	64,262	1,009,262
2019	655,000	42,463	697,463
2020-2022	1,315,000	48,912	1,363,912
Total	<u>\$6,100,000</u>	<u>\$490,451</u>	<u>\$6,590,451</u>

All notes are backed by the full faith and credit of the County. The note liability is reflected in the fund which received the proceeds and will repay the debt.

Mahoning County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2014

Note 18 - Related Party Transactions

During 2014, Mahoning County provided facilities, certain equipment, transportation, and salaries for administration, implementation, and supervision of programs to MASCO a discretely presented component unit of Mahoning County. For 2014, MASCO reported \$214,540 for such contributions, recording revenue and expenses at cost or fair value, as applicable, to the extent the contribution is related to the vocational purposes of MASCO. Additional habilitative services provided directly to MASCO clients by Mahoning County amounted to \$4,511,143 during 2014.

Mahoning County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2014

During 2014, the County issued \$5,020,000 in governmental Various Purpose Bonds. The bonds were issued for the purpose of street and bridge/culvert construction, the purchase of technology equipment, as well as building improvements and construction. The bonds will be repaid from the debt service fund.

During 2013, the County defeased a 2004 various purpose general obligation bond issue in order to take advantage of lower interest rates. The proceeds of the new bonds were placed in an irrevocable trust to provide for all future debt service payments on the old bonds. Accordingly, the trust account assets and liabilities for the defeased bonds are not included in the County's financial statements. On December 31, 2014, \$5,810,848 of the defeased bonds are still outstanding.

During 2011, the County issued \$6,790,000 in governmental Various Purpose Bonds. The bonds were issued for the purpose of street and bridge/culvert construction, the purchase of dump trucks, as well as building improvements and construction. The bonds will be repaid from the debt service fund.

During 2011, the County issued \$4,080,000 in general obligation bonds for the internal service self-funded hospitalization fund to make claim payments. The bonds will be repaid from the internal service self-funded hospitalization fund.

During 2010, the County issued \$14,176,000 in governmental Various Purpose Bonds and \$125,000 in enterprise Various Purpose Bonds. The issue consisted of tax exempt bonds (serial and term) and Build America Bonds (BABs). The bonds were issued for the purpose of street and bridge/culvert construction, the purchase of a Hazmat vehicle, as well as water infrastructure construction. As part of the American Recovery and Reinvestment Act of 2009, Congress added Sections 54AA and 6431 to the Code, which permit state or local governments to obtain certain tax advantages when they issue BABs. Under Section 6431 of the Code, the County may elect to receive payments directly from the Secretary of the United States Treasury equal to 35 percent of the corresponding interest payable on this issue. The bonds will be repaid from the bond retirement debt service fund and the water enterprise fund.

The 2010 BABs term bonds maturing on December 1, 2022, 2025, 2030 and 2035, respectively, are subject to optional and extraordinary optional sinking fund redemption. Optional redemption BABs are subject to prior redemption by and at the sole option of the County, either in whole or in part on any date on or after December 1, 2019, at a redemption price equal to 100 percent of the principal amount redeemed, plus accrued interest to the redemption date. Extraordinary optional redemption BABs are also subject to maturity by and at the sole option of the County, either in whole or in part on any date, at a redemption price equal to 100 percent of the principal amount redeemed plus accrued interest to the redemption date, in the event that the BAB direct payments cease or are reduced. The respective principal amounts are as follows:

Amount due at stated maturity	420,000	475,000	515,000	585,000
Total	\$825,000	\$1,370,000	\$1,010,000	\$1,680,000
<i>Stated Maturity</i>	<i>12/1/2027</i>	<i>12/1/2030</i>	<i>12/1/2032</i>	<i>12/1/2035</i>

During 2009, the County issued \$3,015,000 in general obligation bonds to pay current year principal payments. General obligation bonds will be paid from the debt service fund.

During 2009, the County issued \$2,502,000 in revenue bonds for sewer system improvements. Revenue bonds will be paid from the sewer enterprise fund.

During 2008, the County issued \$5,860,000 in general obligation bonds for various road and building improvements. The general obligation bonds will be paid from the motor vehicle gasoline tax special revenue fund.

During 2008, the County issued \$1,320,000 in general obligation bonds for water system improvements. The general obligation bonds will be paid from the water enterprise fund.

During 2008, the County issued \$3,276,000 and \$4,488,000 in revenue bonds for water and sewer system improvements respectively. Revenue bonds will be paid from the water and sewer enterprise funds.

Special assessment bonds will be paid from the proceeds of special assessments levied against benefited property owners. In the event that a property owner would fail to pay the assessment, payment would be made by the County.

The County has pledged sewer revenues net of expenditures to repay revenue bonds, OWDA and OPWC loans. All the debt is payable solely from net revenues and is payable through 2049. The purposes, terms and balances outstanding are identified in the preceding tables. Annual principal and interest payments on the debt issues are expected to require 44 percent of net revenues. The total principal and interest remaining to be paid on the debt is \$33,039,912. Principal and interest paid for the current year and total net revenues were \$2,696,731 and \$6,115,366 respectively.

The long-term note will be paid from the bond retirement debt service fund. Claims payable will be paid from the workers' compensation internal service fund.

Compensated absences will be paid from the general fund, the department of human services, motor vehicle gas tax, child support enforcement, real estate assessment, dog and kennel, delinquent tax and assessment, solid waste management, children services board, board of mental health, board of developmental disabilities, alcohol and drug addiction, convention and visitors bureau, 911 operations, law library, county courts, geographic information systems, grants, and sheriff's policing revenue special revenue funds and the water and sewer enterprise funds.

The County has entered into contractual agreements for construction loans from OPWC and OWDA. Under the terms of these agreements, OPWC and OWDA will reimburse, advance, or directly pay the construction costs of the approved project. OPWC and OWDA will capitalize administrative costs and construction interest and add

Mahoning County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2014

them to the total amount of the final loans. These loans will not have an accurate repayment schedule until the loans are finalized and, therefore, they are not included in the schedule of future annual debt service requirements. The balance of these loans for OPWC's Mahoning Avenue Waterline Replacement, Lipkey Road Sanitary Sewer and New Middletown Sanitary Sewer and Pump Station are \$78,510, \$275,089 and \$302,656, respectively.

In 2010, the County assumed an OWDA loan for the Petersburg Waterline Extension in the amount of \$457,268, of which \$319,707 was ARRA loan forgiveness. The balance matures July 1, 2030 and will initially be paid from user-charges. This waterline extension is for the sole use of Aqua Ohio, a private water company. Aqua Ohio will be reimbursing the County in whole for the debt payment. This debt is not included in the County's net investment in capital assets, since the capital assets do not belong to the County.

During 2010, the County issued \$14,795,000 in Sewer System Revenue Bonds for the purpose of refunding the 1989 Various Sewer Bonds in order to take advantage of lower interest rates and for construction projects throughout the County. The bonds were sold at a premium of \$45,147. Proceeds of \$5,326,945 were deposited in an irrevocable trust with an escrow agent to provide for all future debt service payments on the refunded portion of the various bonds. As a result, \$5,265,030 of these bonds is considered defeased and the liability for the refunded portion of these bonds has been removed from the County's financial statements.

Principal and interest requirements to retire the County's long-term obligations outstanding at December 31, 2014 are as follows:

Mahoning County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2014

The Ohio Revised Code provides that the net general obligation debt of the County, exclusive of certain exempt debt, issued without a vote of the electors shall never exceed one percent of total valuation of the County. The Code further provides that the total voted and unvoted net debt of the County less the same exempt debt shall never exceed a sum equal to three percent of the first \$100,000,000 of the assessed valuation, plus one and one-half percent of next \$200,000,000, plus two and one-half percent of such valuation in excess of \$300,000,000.

The effects of the debt limitations described above at December 31, 2014, are an overall debt margin of \$68,583,629.

Conduit Debt Obligations

Periodically, the County has issued Industrial Development and Hospital Revenue Bonds. The proceeds were used to acquire, construct and equip industrial, commercial and health-care facilities deemed to be in the public interest. These bonds are secured by the property financed and are payable solely from payment received on the underlying mortgage loans. The bonds do not constitute a debt or pledge of the full faith and credit of the County, and therefore, are not reported in the financial statements. As of December 31, 2014, there were twenty-three series of Industrial Development and Hospital Revenue Bonds outstanding. The aggregate principal amount payable for the seventeen series issued after January 1, 1996, was \$201.8 million at December 31, 2014. The aggregate principal amount payable for the six series issued prior to January 1, 1996 was \$59.8 million.

Note 20 – Capital Lease

During prior years, the County entered into capital leases for a street sweeper, election systems voting equipment, printers and copiers. The leases meet the criteria for a capital lease and have been recorded on the government-wide statements. The original amounts capitalized for the capital leases and the book values as of December 31, 2014 are as follows:

	<u>Amounts</u>
Vehicles	\$206,003
Equipment	<u>1,064,850</u>
Total Capitalized	1,270,853
Less: Accumulated Depreciation	<u>(1,016,682)</u>
Current Book Value	<u><u>\$254,171</u></u>

The following is a schedule of the future minimum leases payments required under the capital lease and the present value of the minimum lease payments as of December 31, 2014.

	<u>Amounts</u>
2015	\$159,765
2016	<u>20,975</u>
Total Minimum Lease Payments	180,740
Less: Amount representing interest	<u>(4,910)</u>
Present Value of Minimum Lease Payments	<u><u>\$175,830</u></u>

Mahoning County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2014

Capital lease payments have been reclassified and are reflected as debt service in the fund financial statements for the general fund, developmental disabilities board, motor vehicles and gas tax and department of human services special revenue funds. These expenditures are reflected as program expenditures on a budgetary basis.

Note 21 – Significant Commitments

Contractual Commitments

As of December 31, 2014, the County had the following contractual construction commitments outstanding:

Vendor Name	Contract Amount	Amount Paid To Date	Remaining Contract
Beaver Excavating Co.	\$948,061	\$827,186	\$120,875
The Murphy Contracting Co.	393,844	314,775	79,069
Glaus, Pyle, Schomer, Burns & Dehaven, Inc.	866,061	582,441	283,620
MS Consultants	1,184,718	806,899	377,819

URS Co.	567,697	484,415	83,282
A P O'Horo Co., Inc.	1,063,236	903,268	159,968
Antenucci Inc.	58,430	56,924	1,506
A Graziani & Co., Inc.	221,805	89,883	131,922
Total	<u>\$6,727,935</u>	<u>\$5,194,058</u>	<u>\$1,533,877</u>

A portion of contractual commitments are being funded by ODOT and OPWC.

Remaining commitment amounts were encumbered at year end.

Encumbrances

Encumbrances are commitments related to unperformed contracts for goods or services. Encumbrance accounting is utilized to the extent necessary to assure effective budgetary control and accountability and to facilitate effective cash planning and control. At year end the amount of encumbrances expected to be honored upon performance by the vendor in the next year were as follows:

Governmental Funds		Proprietary Funds	
General	\$188,003	Mahoning County Sewer	\$2,057,815
Department of Human Services	52,293	Mahoning County Water	51,534
Developmental Disabilities	692,950	<i>Total Enterprise Funds</i>	<u>\$2,109,349</u>
Buildings and Equipment	1,525,111		
Other Governmental Funds	<u>2,757,501</u>		
<i>Total Governmental Funds</i>	<u>\$5,215,858</u>	Internal Service Funds	<u>\$49,532</u>

Mahoning County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2014

Note 22 – Interfund Transactions

Interfund Balances

Interfund balances at December 31, 2014, consisted of the following amounts and represent charges for services or reimbursable expenses. These remaining balances resulted from the time lag between dates that (1) interfund goods or services are provided or reimbursable expenditures occur, (2) transactions are recorded in the accounting records and (3) payments between funds are made. All are expected to be paid within one year.

Interfund Payable	Interfund Receivable		
	General	Internal Service	Total
General	\$0	\$461,358	\$461,358
Department of Human Services	0	63,894	63,894
Children Services Board	0	56,246	56,246
Developmental Disabilities Board	0	388,367	388,367
Other Governmental Funds	117,851	248,893	366,744
<i>Total Governmental Funds</i>	<u>117,851</u>	<u>1,218,758</u>	<u>1,336,609</u>
Sewer	0	80,929	80,929
<i>Totals</i>	<u>\$117,851</u>	<u>\$1,299,687</u>	<u>\$1,417,538</u>

Interfund Transfers

Interfund transfers for the year ended December 31, 2014, consisted of the following:

Transfers To	Transfers From					Totals
	General	Department of Human Services	Developmental Disabilities Board	Other Governmental Funds	Sewer	
General	\$0	\$0	\$0	\$260,375	\$0	\$260,375
Department of Human Services	867,327	0	0	0	0	867,327
Children Services Board	0	800,000	0	0	0	800,000
Debt Service	0	0	710,930	221	0	711,151
Buildings and Equipment	0	0	970,039	214,407	0	1,184,446
Other Governmental Funds	286,814	369,849	0	1,584,521	212,000	2,453,184
Water	0	0	0	0	662,700	662,700
<i>Totals</i>	<u>\$1,154,141</u>	<u>\$1,169,849</u>	<u>\$1,680,969</u>	<u>\$2,059,524</u>	<u>\$874,700</u>	<u>\$6,939,183</u>

During the year, the general fund made several transfers to other funds including a transfer to the department of human services special revenue fund and other governmental funds for local match. The department of human services fund made transfers to the children services board fund for Title XX transfers. The department of human services fund made transfers to other governmental funds to help cover expenditures. The Mahoning County board of developmental disabilities fund made transfers to the buildings and equipment fund for building repairs and for future capital additions and renovations for the respective departments, to the debt service fund for general obligation bond payments and to other governmental funds to help cover expenditures. Other governmental funds transfers to the general fund are from the court funds and they were approved by the courts and the dog and kennel fund. There were also various transfers which occurred throughout the year to close complete and inactive projects and grants to their original source of funding; various transfers were also made to move shared costs to the appropriate fund. The sewer fund transfers to the other governmental funds were for support for current year expenditures and the transfers to the water fund were for shared costs and local match.

Mahoning County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2014

Note 23 - Jointly Governed Organizations

Western Reserve Port Authority (Port Authority)

The Western Reserve Port Authority is statutorily created as a separate and distinct political subdivision of the State. The eight Port Authority Board members are appointed equally by the Mahoning and Trumbull County Commissioners. The Port Authority adopts its own budget, authorizes expenditures, and hires and fires its own staff. By resolution, the Mahoning County Board of Commissioners distributed the 2 percent Lodging Excise Tax to WRPA. The County contributed \$1,163,748 to the Western Reserve Port Authority in 2014. The Board exercises total control over the operations of the Port Authority including budgeting, appropriating, contracting and designating management. Each participant's degree of control is limited to its representation on the Board. Complete financial statements can be obtained from the Western Reserve Port Authority, 1453 Youngstown-Kingsville Road NE, Vienna, Ohio 44473-9797.

Mahoning and Columbiana Training Association, Inc.

The Mahoning and Columbiana Training Association (MCTA) is a jointly governed organization between Mahoning and Columbiana Counties. MCTA's purpose is to foster cooperation between the member counties through sharing of facilities, manpower, grants under the Workforce Investment Act (WIA) for the purpose of providing job training for economically disadvantaged individuals and other individuals facing serious barriers to employment. The Executive Council of the MCTA is made up of three Commissioners from each of the two counties. Revenues are generated from grants received pursuant to the WIA. Effective July 1, 2004, WIA payments do not pass through the County. The Board exercises total control over the operations of the MCTA including budgeting, appropriating, contracting and designating management. Each participant's degree of control is limited to its representation on the Board. Complete financial statements can be obtained from the Mahoning and Columbiana Training Association, 9 W Front Street, Youngstown, Ohio 44503.

Mahoning County Family and Children First Council

The Mahoning County Family and Children First Council is a jointly governed organization, which was established to promote collaborative planning of health, education, and social services for children and families. Members of the Council from Mahoning County include the Alcohol & Drug Board, Juvenile Court, Children Services Board, Mental Health Board, Juvenile, Department of Human Services, Board of Health, Board of Mental Retardation and County Administrator. Other members are the United Way, Early Intervention Collaborative, Educational Service Center, Ohio Department of Youth Services, City of Youngstown, Youngstown City Schools, Youngstown State University, Help Hotline, United Methodist Community Center, OCCHA, Associated Neighborhood Centers, Head Start, and a parent representative. All members have an equal vote on the Council. The County does not maintain an ongoing financial interest in or an ongoing responsibility for the Council. The Board exercises total control over the operations of the Council including budgeting, appropriating, contracting and designating management. Each participant's degree of control is limited to its representation on the Board. Complete financial statements can be obtained from the Mahoning County Family and Children First Council, 100 Debartolo Place, Youngstown, Ohio 44512.

EASTGATE Regional Council of Governments

The EASTGATE Regional Council of Governments is a jointly governed organization created under the provisions of Chapter 167 of the Ohio Revised Code. EASTGATE is organized as a voluntary organization of local government subdivisions in Ashtabula, Columbiana, Mahoning, and Trumbull counties. Each of the participating counties has equal representation and no financial responsibility. EASTGATE's purpose is to foster a cooperative effort in regional planning, programming, and the implementation of regional plans and programs. It is a forum for the discussion and study of common problems of a regional nature and for the development of

Mahoning County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2014

policy and action recommendations relating thereto. Mahoning County paid membership dues totaling \$89,237 in 2014. The Board exercises total control over the operations of EASTGATE including budgeting, appropriating, contracting and designating management. Each participant's degree of control is limited to its representation on the Board. Complete financial statements can be obtained from the EASTGATE Regional Council of Governments, 5121 Mahoning Avenue, Austintown, Ohio 44515.

North East Ohio Network (N.E.O.N.)

The North East Ohio Network (N.E.O.N.) is a council of governments formed to provide a regional effort in administering, managing and operating programs for certain individuals with developmental disabilities. Participating counties include Mahoning, Columbiana, Geauga, Lake, Medina, Portage, Stark, Summit, Richland, Wayne, Ashland, Ashtabula, Cuyahoga, Lorain and Trumbull counties. N.E.O.N.'s operation is controlled by their board, which is comprised of the superintendent's of Development Disabilities of each participating county. N.E.O.N. adopts its own budget, authorized expenditures and hires and fires its own staff. During 2014, no payments were made by Mahoning County to N.E.O.N. Services were paid through the Mahoning County Board of Developmental Disabilities. The majority of these payments were for the afore-mentioned services. The Board exercises total control over the operations of N.E.O.N. including budgeting, appropriating, contracting and designating management. Each participant's degree of control is limited to its representation on the Board.

Summary of Significant Accounting Policies

Nature of Activities

MASCO is a not-for-profit corporation formed by the Mahoning County Board of Developmental Disabilities (MCBDD) to address vocational and habilitation needs of the mentally retarded residents (hereinafter referred to as "residents") of Mahoning County.

Program Services

For financial statement purposes, the MASCO classifies program services in the following areas:

Workshops – Provides workshops for the residents at the three locations, where MASCO contracts with businesses in the Mahoning County area to perform services for these businesses.

Janitorial and Program Aide – Provides janitorial services to businesses in Mahoning County, where some of the residents of the County are hired to perform these services. Also, provides program aide services in which some of the residents are hired as cafeteria helpers in a school cafeteria.

Food Services – This service sells snacks and other foods through a truck and store atmosphere and its intent is to assist the residents in learning vending operations.

Youngstown Development Center Services – Represents a service at this State institution where residents that are housed at this facility and cannot leave the grounds can go to a workshop setting and perform services for businesses in Mahoning County with whom MASCO contracts with.

Gateway Industries – Represents a service where individuals can go to a workshop setting and perform services for businesses in Mahoning County with who the corporation contracts with.

Mahoning County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2014

Method of Accounting

The financial statements have been prepared utilizing the accrual basis of accounting and accordingly reflect all significant receivables, payables and other liabilities.

Estimates

The preparation of financial statement in conformity with generally accepted accounting principles requires the use of management's estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Basis of Presentation

The Organization uses an enterprise fund to report financial position and the results of its operations. This fund uses the economic resources measurement focus and the accrual basis of accounting.

Cash and Cash Equivalents

The Organization considers all highly liquid investments with a maturity of three months or less when purchased to be cash equivalents.

Investments

MASCO has adopted SFAS No.124 "Accounting for Certain Investments Held by Not-for-Profit Organizations." Under SFAS No.124, investments with readily determinable fair values are reported at their fair value in the Statements of Financial Position. Unrealized gains and losses are included in the change in net position. Market value at the end of the year is based on the quoted stock exchange values. Investments are also composed of certificates of deposit with maturities of greater than three months. Investments are stated at cost which approximates fair value.

Accounts Receivable

Accounts receivable include amounts due from various businesses in Mahoning County and are considered fully collectible. MASCO's ability to collect the amounts due from customers may be affected by economic fluctuations within the local region. Management believes its accounts receivable risk exposure is limited because of the financial strength of its customers.

Inventory

Inventories are stated at the lower of cost or market. Cost is determined substantially by the first-in, first-out method. Market value is based on replacement cost.

Capital Assets

Capital assets are recorded at cost. Maintenance, repairs and minor renewals are charged to expense as incurred. When assets are sold, or otherwise disposed of, the related cost and accumulated depreciation are removed from the accounts and any profit or loss arising from such disposition is included as income or expense in the year in which sold.

MASCO's policy is to capitalize property and equipment over \$500. The equipment is being depreciated using the straight-line method over years ranging from five to seven years.

Mahoning County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2014

Restriction Policy

MASCO has no donor-imposed restrictions on net position. All transactions with third parties are treated as exchange transactions. Contributions are recorded as unrestricted net assets due to absence of donor restrictions.

Income Taxes

MASCO is a not-for-profit organization that is exempt from income taxes under Section 501(c)(3) of the Internal Revenue Code.

Expense Allocations

Expenses charged to the related programs are direct charges that can be attributed to a program and of support charges that are allocated jointly to the various programs. Management and general expenses include those expenses that provide overall support and direction of MASCO.

Investments

Investments consisted of shares in various mutual funds with a market value of \$272,346 in 2014. Earnings on the investments and cash accounts in 2014 consist of \$24,779 in unrealized gains and \$8,566 of dividend and interest income. All earnings from investments are considered operating returns for financial statement purposes.

Equipment

Property and equipment owned by MASCO consists of furniture, fixtures and equipment with an original cost of \$129,780 and accumulated depreciation of \$109,919 with an ending net value of \$19,861 at December 31, 2014. Depreciation expense amounted to \$8,826 for 2014.

In-Kind

Mahoning County estimated in-kind contributions to MASCO it has furnished for rent, utilities, wages and fringe benefits. The calculation was determined to be \$214,540. The amounts have not been recorded in the financial statements because the calculation is based on a calendar year and MASCO's financial statements are based on a fiscal year.

Internal and Board Restrictions

MASCO has an internal restriction on a cash account in the amount of \$35,460 in 2014 that is used exclusively for the benefit of the client-employee. Benefits include activities, field trips and other entertainment.

Note 25 – Mahoning County Land Reutilization Corporation (MCLRC)

Summary of Significant Accounting Policies

Nature of Activities

MCLRC is a not-for-profit corporation formed by the Mahoning County Board of County Commissioners to acquire tax foreclosed property and put the properties back to productive use in Mahoning County.

Mahoning County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2014

Method of Accounting

The financial statements have been prepared utilizing the accrual basis of accounting and accordingly reflect all significant receivables, payables and other liabilities.

Basis of Presentation

The Corporation's basic financial statements consist of government-wide statements, including a statement of net position and a statement of activities, and fund financial statements which provide a more detailed level of financial information.

Cash and Cash Equivalents

The Corporation considers all highly liquid investments with a maturity of three months or less when purchased to be cash equivalents.

Prepaid Items

Payments made to vendors for services that will benefit periods beyond the current year, are recorded as prepaid items using the consumption method by recording a current asset for the prepaid amount at the time of purchase and reflecting the expenditure/expense in the year in which the services are consumed.

Assets Held for Resale

Assets held for resale represent properties purchased by or donated to the Corporation. These properties are valued based upon the purchase price plus any costs of maintenance, rehabilitation, or demolition of homes on the properties. The Corporation holds the properties until the home is either sold to a new homeowner, sold to an individual who will rehabilitate the home, or the home on the property is demolished.

Capital Assets

Capital assets are recorded at cost and updated for additions and retirements during the year. Donated capital assets are recorded at their fair market values as of the date received. MCLRC maintains a capitalization threshold of five hundred dollars.

All capital assets are depreciated. Improvements are depreciated over the remaining useful lives of the related capital assets. Depreciation is computed using the straight-line method for furniture and equipment in accordance with IRS guidelines.

Accrued Liabilities and Long-Term Obligations

All payables, accrued liabilities and long-term obligations are reported in the government-wide financial statements.

Governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources are reported as obligations of the fund. However, compensated absences are reported as a liability in the fund financial statements only to the extent payments come due each period upon the occurrence of employee resignations and retirements.

Mahoning County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2014

Compensated Absences

MCLRC reports compensated absences in accordance with the provisions of GASB No. 16, "Accounting for Compensated Absences." Vacation benefits are accrued as a liability as the benefits are earned if the employees' rights to receive compensation are attributable to services already rendered and it is probable that the employer will compensate the employees for the benefits through paid time off or some other means.

Sick leave benefits are accrued as a liability using the vesting method. The liability includes the employees who are currently eligible to receive termination benefits and those the MCLRC has identified as probable of receiving payment in the future. The amount is based on accumulated sick leave and employees' wage rate at year end, taking into consideration any limits specified in the MCLRC's termination policy.

Equipment

Property and equipment owned by MCLRC consists of furniture and equipment with an original cost of \$4,815 and accumulated depreciation of \$1,449 with an ending net value of \$3,366 at December 31, 2014. Depreciation expense amounted to \$919 for 2014.

Long-Term Obligations

MCLRC has long-term obligations consisting of accrued compensated absences of \$16,423 at December 31, 2014.

Combining and Individual Fund Statements and Schedules

Combining Statements – Nonmajor Governmental Funds

Nonmajor Special Revenue Funds

To account for and report the proceeds of specific revenue sources that are restricted, committed or nonspendable to expenditure for specified purposes other than debt service or capital projects.

Motor Vehicle Gasoline Tax Fund – To account for and report restricted revenue derived from taxes on motor vehicle license and gasoline taxes. By State law, expenditures are restricted to roads and bridges for maintenance and minor constructions. The townships reimburse the County its expenditures for work done on townships' roads and bridges.

County Engineer Fund – To account for and report the requirement of ORC 1301: 7-9-05(v) regarding the financial responsibilities mechanism for state or political subdivisions for an underground storage tank (UST) fund. The fund is restricted for the purpose of paying for third-party damage and corrective actions necessary to clean up a petroleum release from UST.

Child Support Enforcement Fund – To account for and report the collection of fees restricted for the administration of the Child Support Enforcement Agency and court operated support enforcement activities.

Real Estate Assessment Fund – To account for and report restricted monies from Auditor's fees to assess real property within the County for tax valuation purposes as required by law.

Dog and Kennel Fund – To account for and report restricted monies from the sale of dog licenses and animals at the pound. The Dog and Kennel fund also receives revenue from fines collected in the municipal courts. The shelter provides animal control and protection.

Delinquent Tax and Assessment Collection Fund – To account for and report a restricted percentage of all certified delinquent taxes and assessments collected by the County Auditor's Office on any tax duplicate. The County Auditor's Office and County Prosecutor shall use the funds, solely in connection with the collection of delinquent taxes and assessments.

Solid Waste Management Fund – To account for and report the restricted financial operations of the County's solid waste removal activities, as well as administering recycling, refuse, litter prevention and enforcement programs within the County. Revenues are generated from user fees.

Board of Mental Health Fund – To account for and report a County-wide property tax levy along with Federal and State revenues restricted for various mental health programs.

Alcohol and Drug Addiction Board Fund – To account for and report monies primarily from State and Federal sources restricted to aid individuals seeking alcohol and drug services through effective oversight, coordination and planning activities.

Drug Law Enforcement Fund – To account for and report revenue collected from fines for drug violations restricted by the Sheriff's and Prosecutor's office for the enforcement of drug laws and the investigation and prosecution of drug violations.

Indigent Drivers Alcohol Treatment Fund – To account for and report restricted monies generated by fees collected by the State and remitted to the County for driver's licenses reinstatements and to account for expenditures for drug treatment services for indigent juvenile drivers.

(continued)

Combining Statements – Nonmajor Governmental Funds (continued)

Nonmajor Special Revenue Funds (continued)

Clerk Fund – To account for and report the collection of additional fines charged on certain Common Pleas Court cases. The monies generated are restricted for use towards the computerization of the Clerk of Courts office and the computerization of legal research.

911 Operations Fund – To account for and report tax revenue restricted in establishing, equipping, furnishing, operating and maintaining a County-wide 911 system of safety answering points.

County Probation Services Fund – To account for and report the fees charged to offenders who are sentenced to probation under Senate Bill 2. These monies are restricted to fund the Adult Probation Department.

Coroner Lab Equipment Fund – To account for and report the fees charged for laboratory examinations. These fees are restricted to be used to purchase necessary supplies and equipment for the laboratory and to pay any associated costs.

County Courts Fund – To account for and report various fees collected by the courts as established and allowed by the State to administer court services and programs. This includes Ohio House Bill 405 and Senate House Bill 246, this fund accounts for the collection of additional fines charged on various courts. The monies generated are restricted to be used towards computerization of the Courts and legal research.

Grants Fund – To account for and report restricted Federal, State and local grants received from various granting agencies for the administration and operation of various County programs.

Law Library Resources Fund – To account for and report all restricted revenues received as permitted by law under ORC 307.514, and any expenditure from such fund shall be made pursuant to the annual appropriation measure adopted by the Board of County Commissioners.

Geographic Information System Fund – To account for and report the restricted activity of the Geographic Information System department. This department was developed to maintain a geographic mapping database which, when fully operational, can be utilized by virtually any County department, political subdivision and the public to produce a map outlining special items.

Convention and Visitors Bureau Fund – To account for and report a one percent allocation of the Hotel/Motel tax restricted for the establishment of a Mahoning County Visitor's Bureau.

Concealed Handgun License Fund – To account for and report the fees collected for the issuance of licenses required in order to carry a handgun. Revenues from this fund are restricted to pay for operational costs of the license program and educational programs regarding handgun use.

Tax Administration Negotiated Lien Fund – This fund was created when the Treasurer's Office held its first ever negotiated tax lien certificate sale. The fund accounts for and reports the restricted collection of fees (permitted under Ohio Revised Code) charged to delinquent property owners and the lien sale buyer for costs associated with the preparation of and administration of holding a tax lien certificate sale.

Sheriff's Policing Revenue Fund – To account for and report charges for services restricted for the administration of policing contracts between the Sheriff and local governments.

(continued)

Combining Statements – Nonmajor Governmental Funds (continued)

Nonmajor Special Revenue Funds (continued)

Ohio Peace Officer Training Fund – To account for and report restricted fees, licenses and permits received and expended for the continuing professional training of peace officers.

Sheriff's Office Foreclosure Fund – To account for and report restricted revenues received and expended for foreclosures.

HAZMAT Fund – To account for and report restricted revenues received and expended for hazardous materials maintenance.

Certificate of Title Administration Fund – To account for and report the collection of a fee for each certificate of title issued by the Clerk of Courts office. Expenditures of these fees are restricted to pay the costs incurred by the Clerk of Courts in processing titles. This fund is included with the general fund for GAAP reporting.

Recorder Equipment Fund – To account for and report the collection of fees charged by the County Recorder for the filing or recording of legal documents. Expenditures of these fees are restricted for the purchase or lease of micrographic or other equipment for the recorder. This fund is included with the general fund for GAAP reporting.

Revolving Loans Fund – To account for and report initial loans made by the County to local businesses and subsequent repayment of these loans. This fund is included with the general fund for GAAP reporting as it does not have a revenue source.

Tax Certificate Administration Fund – To account for and report Counties conducting lien sales. The law provides that the Treasurer can charge a fee to allow for the preparation of and the administration of holding a tax lien certificate sale. This fund is included with the general fund for GAAP reporting as it does not have a revenue source.

Economic Development Fund – To account for and report economic development projects for all cities, villages and townships from a percentage of general sales tax receipts. This fund is included with the general fund for GAAP reporting as it does not have a revenue source.

Adult Protective Services Fund – To account for and report restricted grants received from granting agencies for the administration and operation of adult protective services programs. This fund is included with the general fund for GAAP reporting as it does not have a revenue source.

Swanston Donations Fund – To account for and report donations for the Swanston Children's Home. This fund is included with the general fund for GAAP reporting as it does not have a revenue source.

Probate Court Security Fund – To account for and report grant revenues for security of the probate court. This fund is included with the general fund for GAAP reporting as it does not have a revenue source.

Nonmajor Capital Projects Fund

Capital projects funds are used to account and report financial resources that are restricted, committed or assigned to expenditure for capital outlays including the acquisition or construction of major capital facilities and other capital assets, other than those financed by proprietary funds or for assets that will be held in trust.

Roads and Bridges Fund – To account for and report repair, maintenance and replacement of County roads and bridges as reported by the County Engineer. The major funding source is restricted gasoline tax revenues.

Combining Statements – Internal Service Funds

Internal service funds are used to account for and report the financing of services provided by one department or agency to other departments or agencies of the County on a cost-reimbursement basis.

Vehicle Maintenance Fund – To account for and report maintenance costs of the County vehicle pool.

Workers' Compensation Fund - To account for and report self-insurance provided by the County through a retrospective rating plan with the State of Ohio for workers' compensation.

Self-funded Hospitalization Fund - To account for and report claims and administration of the health care program for covered County employees and eligible dependents, and the accumulation and allocation of costs associated with health care.

Telephone/Data Board Fund – To account for and report the costs of the County's telephone and data board.

Combining Statements – Fiduciary Funds

Fiduciary Funds

Fiduciary fund reporting focuses on net position and changes in net position. The fiduciary fund category is split into four classifications: pension trust funds, investment trust funds, private purpose trust funds and agency funds. Agency Funds are purely custodial (assets equal liabilities) and thus do not involve the measurement of results of operations.

Agency Funds

Board of Health Fund - To account for and report the revenues and expenditures for the Board of Health for which the County Auditor services as fiscal agent.

Undivided Taxes Fund - To account for and report the collection and distribution of various taxes.

Payroll Agency Fund - To account for and report the collection of gross payroll for respective funds and disbursements of net pay to employees and withholding to proper vendors.

Other Agency Funds

Family and Children First	Prosecutor Law Enforcement Fund
Soil and Water Conservation Fund	Ohio Board of Building Standards Fund
Appellate Court Fund	Ohio Elections Commission Fund
Municipal Court Fines Fund	Treasurer Advance Real Estate Payments Fund

Statistical Section

This part of the Mahoning County, Ohio's Comprehensive Annual Financial Report presents detailed information as a context for understanding what the information in the financial statements, note disclosures and required supplementary information says about the County's overall financial health.

Contents	Pages(s)
<i>Financial Trends</i>.....	<i>S2 – S13</i>
These schedules contain trend information to help the reader understand how the County's financial performance and well-being have changed over time.	
<i>Revenue Capacity</i>.....	<i>S14 – S35</i>
These schedules contain information to help the reader assess the County's most significant local revenue, property taxes.	
<i>Debt Capacity</i>	<i>S36 – S45</i>
These schedules present information to help the reader assess the affordability of the County's current levels of outstanding debt and the County's ability to issue additional debt in the future.	
<i>Economic and Demographic Information</i>	<i>S46 – S48</i>
These schedules offer economic and demographic indicators to help the reader understand the environment within which the County's financial activities take place.	
<i>Operating Information</i>.....	<i>S49 – S54</i>
These schedules contain service and infrastructure data to help the reader understand how the information in the County's financial report relates to the services the County provides and the activities it performs.	

Sources: Unless otherwise noted, the information in these schedules is derived from the Comprehensive Annual Financial Reports for the relevant year.

Real property is reappraised every six years with a State mandated update of the current market value in the third year following each reappraisal.

The assessed value of real property (including public utility real property) is 35 percent of estimated true value. The assessed value of public utility personal property ranges from 25 percent of true value for railroad property to 88 percent for electric transmission and distribution property. General business tangible personal property was assessed in previous years at 25 percent for machinery and equipment and 23 percent for inventories. General business tangible personal property tax was phased out beginning in 2006. Both types of general business tangible personal property were assessed at 12.5 for 2007, 6.25 percent for 2008 and zero for 2009. Beginning in 2007, House Bill 66 switched telephone companies from being public utilities to general business taxpayers and began a four year phase out of the tangible personal property tax on local and inter-exchange telephone companies. No tangible personal property taxes were levied or collected in 2009 from general business taxpayers (except telephone companies whose last year to pay tangible personal property tax in 2010).

The tangible personal property values associated with each year are the values that, when multiplied by the applicable rates, generated the property tax revenue billed in that year. For real property, the amounts generated by multiplying the assessed values by the applicable rates would be reduced by the 10 percent, 2 1/2 percent and homestead exemptions before being billed. Beginning in the 2006 collection year, the 10 percent rollback for commercial/industrial property has been eliminated.

(1) The 1986 Mental Retardation Developmental and Disabilities current expense levy was renewed in 1991, 1996, 2001, 2006 and 2011.

The rates presented for a particular calendar year are the rates that, when applied to the assessed values presented in the Assessed Value Table, generated the property tax revenue billed in that year.

The County's basic property tax rate may be increased only by a majority vote of the County's residents.

Overlapping rates are those of local and county governments that apply to property owners within the County.

Real property tax rates for voted levies are reduced so that inflationary increases in value do not generate additional revenue.

(1) Includes state reimbursements of homestead and rollback exemptions.

(2) Penalties and interest are included, since by Ohio law they become part of the tax obligation as assessment occurs.

(3) The County's current reporting system does not track delinquency tax collections by tax year. Outstanding delinquencies are tracked in total by the date the parcel is first certified delinquent. Penalties and interest are applied to the total outstanding balance. The presentation will be updated as new information becomes available.
